COUNTY OF TULARE ARPA FINAL RECOVERY PLAN

July 2022

1. EXECUTIVE SUMMARY

On March 11, 2021, the \$1.9 trillion American Rescue Plan Act (ARPA) was signed into law by President Biden to address the continued impact of the COVID-19 pandemic on the economy, public health, state and local governments, individuals, and businesses. The legislation established \$350 billion in Coronavirus State and Local Fiscal Recovery Funds (SLFRF) specifically for state, local, territorial, and tribal governments to use in responding to the COVID-19 pandemic, addressing its economic fallout, and laying the foundation for a strong and equitable recovery. Tulare County’s share of the SLFRF is \$90,552,914. These funds are intended to cover eligible costs incurred from March 3, 2021, through December 31, 2024.

In accordance with the Interim Final Rule and the Compliance and Reporting Guidance adopted by the U.S. Department of the Treasury, in July 2021 the County prepared an Interim Recovery Plan, which outlined the County’s intended use of ARPA funds and reported actual expenditures during the first reporting period starting from the date of award through July 31, 2021. The County published and submitted its Interim Plan to the U.S. Department of the Treasury on August 31, 2021.

On January 6, 2022, the U.S. Department of the Treasury adopted the SLFRF Final Rule to be effective April 1, 2022. The Final Rule provides greater flexibility and simplicity for recipients to fight the pandemic, support families and businesses struggling with its impacts, maintain vital services amid revenue shortfalls, and build a strong, resilient, and equitable recovery. Key changes, highlighted in the Treasury’s updated Compliance and Reporting Guidance document, included a broader set of eligible uses and associated Expenditure Categories. On March 29, 2022, the County updated its ARPA Interim Recovery Plan to reflect the Final Rule changes in expenditure categories and redistribute funds accordingly.

The County’s Final Recovery Plan aligns with the Final Rule guidelines set forth by the Treasury. Additionally, it includes updates to the projects and programs’ equity measures, performance indicators, completion status, and other relevant data as requested by the Treasury’s guidelines.

Tulare County is utilizing its ARPA funds to respond to the public health emergency, address negative economic impacts, support essential workers, and make strategic investments in water, sewer, or broadband infrastructure to support an equitable recovery from the pandemic. The total budgeted funds for each eligible expenditure category, which reflect the updated Expenditure Categories from the Final Rule, are listed in the table below. Amounts may be subject to modifications based on community needs, operational needs, and as determined by the Board of Supervisors:

ARPA EXPENDITURE CATEGORY	BUDGET	CUMULATIVE EXPENDITURES AND OBLIGATIONS TO DATE	BALANCE
1. Public Health	\$24,851,760	\$8,783,367	\$16,068,393
2. Negative Economic Impacts	\$9,813,972	\$1,868,280	\$7,945,692
3. Public Health- Negative Economic Impact: Public Sector Capacity	\$21,840,069	\$11,151,151	\$10,688,918
4. Premium Pay	\$6,520,000	\$6,516,579	\$3,421
5. Infrastructure	\$13,808,000	\$14,120	\$13,793,880
6. Revenue Replacement	\$9,944,600	\$0	\$9,944,600

COUNTY OF TULARE ARPA FINAL RECOVERY PLAN

July 2022

7. Administrative	\$3,774,513	\$59,654	\$3,714,859
	\$90,552,914	\$28,393,151	\$62,159,763

From the beginning of the program, March 3, 2021, through June 30, 2022, the County utilized approximately \$28,393,151 in ARPA funds. The funds have been used for projects and programs in the following Expenditure Categories: Public Health, Negative Economic Impacts, Public Health- Negative Economic Impact: Public Sector Capacity, Infrastructure, Revenue Replacement, and Administrative.

KEY OUTCOMES

Tulare County is considered “at-risk” for economic distressed according to the Distressed Communities Indexⁱ. Prior to the COVID-19 pandemic, its rates of unemployment, and poverty were consistently higher than the statewide and national averages, median household income was low, and nearly half of residents received some form of public assistance. The COVID-19 pandemic and the necessary actions taken to control the spread have worsened the already distressed situation for many of the County’s most vulnerable populations. At the height of the emergency, farmworkers, who comprise a large portion of the workforce in Tulare County, were testing positive at a rate of seven to one compared to the overall population, unemployment rates spiked to 13.2%, and the increased demand for public assistance placed an added strain on County pandemic-response resources. In response to the disproportionate toll the COVID-19 pandemic has taken on this region, the County has used its SLFRF allocation to fund projects and programs that mitigate the spread of COVID-19 within the County, assist the economic recovery of local businesses and industries that have lacked other sources of support through the pandemic, and build resilience in disadvantaged and underserved communities through housing support and infrastructure improvements.

2. USE OF FUNDS

This section outlines the guiding principles utilized by Tulare County to allocate strategically ARPA funds and further details the intended use of funds over the next three years.

GUIDING PRINCIPLES

In addition to facilitating the County’s response to the COVID-19 pandemic and addressing its negative impacts on residents, ARPA funds provide a unique opportunity for the County to complete projects and programs that will have a transformative and lasting impact on county services and the community. In this spirit, the County established the following principles to guide the allocation and use of ARPA funds.

- **Be Transformational.** Pursue projects or programs that solve an ongoing problem and make a long-term and sustainable difference in the community.
- **One-Time Uses.** Consistent with the County’s budget protocols, allocate one-time ARPA dollars to projects or programs with a defined funding period that do not create an ongoing fiscal obligation for the County.
- **Health & Safety.** Support the public health and safety response to COVID-19, which includes addressing the pandemic's ongoing health and safety impacts and building resiliency to better prepare the County for future disasters.

COUNTY OF TULARE ARPA FINAL RECOVERY PLAN

July 2022

- **Equitable Outcomes.** Prioritize projects or programs that aim to increase equitable recovery and future resilience for disadvantaged or unincorporated communities.
- **Data-Driven.** Prioritize evidence-based projects or programs or contain the necessary data to demonstrate how they will address the impacts of the COVID-19 pandemic or assist in recovery.
- **Shovel-Ready.** Prioritize shovel-ready infrastructure projects that can be completed within the defined funding period.
- **Close Funding Gaps.** Prioritize funding for industries that experienced negative economic impacts due to the pandemic but did not receive other sources of funding or relief.
- **Avoid Duplication.** Ensure funded projects or programs do not duplicate services approved or administered by the state or federal government, including duplication of efforts of cities.

DETAIL BY FUNDING CATEGORY

The following further details the County's use of SLFRF funds by expenditure category. Funding was allocated to respond to the COVID-19 emergency; address the negative economic impacts caused by the public health emergency; provide services to underserved populations and communities disproportionately impacted by COVID-19; provide premium pay to County essential workers; and improve County and community infrastructure to respond effectively and efficiently to the current and future public health emergencies.

The County's proposed projects and programs included in this Plan are subject to change based on guidance and clarification from the U.S. Department of the Treasury, and changes in resource demands associated with the pandemic. Throughout the ARPA funding cycle, the County intends to prioritize COVID-19 testing, vaccination, and other emergency response activities. Should these activities require additional funds, ARPA funding will be redirected from other proposed projects toward these specific public health activities. Major modifications, such as adding new projects or programs, removing projects and programs, or any change in dollar amount allocations greater than 5% per ARPA Expenditure Category will be brought back to the Board of Supervisors for direction and approval.

PUBLIC HEALTH

- **COVID -19 Vaccination** - Vaccination programs for residents of Tulare County are intended to mitigate the health impacts and reduce the number of deaths caused by COVID-19. In addition to administering currently available vaccines, the County anticipates using ARPA funds to organize and administer a vaccine booster in future years.
- **COVID-19 Testing** – Provide an employee and countywide testing program to serve the communities of Tulare County for mitigation and prevention of the COVID-19 virus.
- **Prevention in Congregate Settings** – These capital expenditures are intended to improve the County's response to the COVID-19 public health emergency. The HVAC projects would assist in mitigating the spread of the COVID-19 virus in County buildings by improving ventilation in congregate settings.
- **Personal Protective Equipment (PPE)** – The County anticipates a sustained demand for PPE among staff and outside medical providers as organizational policies change to require the use of PPE in daily operations. PPE protects staff and mitigates the spread of the COVID-19 virus among county employees as they perform their

COUNTY OF TULARE ARPA FINAL RECOVERY PLAN

July 2022

essential functions of serving the public and maintaining County operations. The demand for PPE increases during surge periods. Therefore, ARPA funding has been set aside to address this potential cost.

- **Medical Expenses** – Provide funding to local hospitals to assist with reimbursement for COVID-19 expenses and to support hospitals in emergency response services.
- **Other COVID-19 Public Health Expenses (including Communication, Enforcement, Isolation/Quarantine)** – The County will provide communication messaging and outreach to residents and communities within Tulare County regarding COVID-19 vaccinations and testing; provide facilities for quarantining the homeless and jail inmate populations with COVID-19; improve teleworking and video conferencing to allow for social distancing while maintaining the continuity of essential County operations; and enhance outdoor and green space areas for residents and disproportionately impacted communities to remain active and socially distanced during this public health emergency.
- **Other Public Health Services** – Other COVID-19 expenditures include technology expenditures to continue County public health operations and provide services to the public. These technology projects would digitize records and allow for teleworking so that the County may continue to provide socially distanced services to the public, residents, and communities of Tulare County online.

NEGATIVE ECONOMIC IMPACTS

- **Long-term Housing Assistance** – The County recognizes that individuals experiencing homelessness have been particularly hard hit during this pandemic and will use SLFRF funds to develop projects that provide housing support and allow for homeless populations to safely quarantine during the pandemic, and transition into stable housing.
- **Small Business Economic Assistance** – Assist local small businesses through an Environmental Health Fee waiver.
- **Aid to Nonprofit Organizations** – Develop programs in collaboration with local nonprofit organizations to assist those in Tulare County impacted by the public health emergency and assist nonprofit organizations with funding to offset the loss of revenue caused by the COVID-19 pandemic.
- **Aid to Impacted Industries** – Provide assistance to the County libraries for modification of services that mitigate and prevent the spread of COVID-19, and aid industries impacted by the public health emergency, such as museums, memorial districts, and other community service districts, that have not received other sources of pandemic relief. Additionally, funding will be available to assist with economic development.

PUBLIC HEALTH- NEGATIVE ECONOMIC IMPACT: PUBLIC SECTOR CAPACITY

- **Public Sector Workforce: Payroll and Benefits for Public Health, Public Safety, or Human Services** – County departments with staff directly or substantially dedicated to responding to or mitigating the COVID-19 public health emergency will use ARPA funding to cover the associated payroll costs of those employees.

PREMIUM PAY

County employees are deemed essential workers and, as such, are eligible for premium pay under the guidelines set forth by the U.S. Department of the Treasury; accordingly, ARPA funds were used to provide premium pay to eligible County employees. ARPA guidelines state that premium pay may be provided to employees who, after earning \$1,500 in premium pay, would earn less than 150% of the California Annual Mean Wage for all occupations. County workers are considered

COUNTY OF TULARE ARPA FINAL RECOVERY PLAN

July 2022

disaster workers by ordinance. During the COVID-19 pandemic, County workers were deemed essential via emergency order to maintain the continuity of critical services that ensure the safety, health, and wellbeing of County residents.

INFRASTRUCTURE

- **Clean Water Projects** – The following projects meet a critical sewer infrastructure need for the identified disadvantaged and underserved communities: Ivanhoe Public Utilities District (PUD) Disposal Pond Improvements, Tipton Community Services District (CSD) Wastewater Treatment Plant Improvements, and Earlimart PUD Interceptor and Relief Sewer Project.
- **Drinking Water Projects** – The following projects meet a critical drinking water infrastructure need for the identified disadvantaged and underserved communities: Tipton CSD North Burnett Road Water Line Replacement, Avenue 264 Water Main Extension, Pixley PUD Water Main Extension, Poplar CSD Well Replacement, Earlimart Front Street Well Treatment, Tipton CSD Well Number Six, Cutler PUD Well Number Ten, Strathmore PUD Well and Treatment, Strathmore PUD Tank Repair, Chinowth Street Apartments Fire Hydrant, Earlimart PUD Clay West Well Sound Wall, and Orosi PUD Well Number Five Auxiliary Power.

REVENUE REPLACEMENT

The County will use ARPA funding for government services, as authorized by the SLFRF Final Rule.

- **Radio Tower Projects** - The County will fund the Radio Tower projects to allow for better medical and public safety responses to communities, including disadvantaged and isolated communities in the mountainous and remote areas of the County.
- **Park Improvement Projects** - Funds will support the improvement of outdoor green spaces for impacted communities to remain active and socially distanced during this public health emergency.

ADMINISTRATIVE

The County will fund direct and indirect SLFRF administrative costs for the implementation of projects and programs. Administering and developing the County's Recovery Plan will require the oversight of the County Administrative Office, Auditor's Office, and County Cost Centers (e.g. Health and Human Services Agency, Information and Communications Technology Department, and the General Services Agency). Administrative funds may also be used to hire a consultant or reimburse staff time associated with the administration, monitoring, and reporting of the County's Recovery Plan.

PROJECT AND PROGRAM PHASES

The County's Interim ARPA Recovery Plan included a timeline for the projects and programs, with start and completion dates. The timeline was organized into four phases intended to ensure ARPA funds were fully obligated by December 2024 and expended by December 31, 2026.

However, due to the scope and complexity of the projects and programs, and current supply chain issues (especially related to capital improvement projects), the County is no longer assigning phases to the projects and programs. Instead, departments will have the flexibility to complete projects as practicable. The County Administrative Office and Auditor's Office will continue to monitor project progress to ensure that they are completed in a timely manner and prior to the ARPA deadline.

COUNTY OF TULARE ARPA FINAL RECOVERY PLAN

July 2022

3. EQUITABLE OUTCOMES

Tulare County is composed of eight incorporated cities and numerous unincorporated communities and hamlets, including 17 qualified census tracts designated as disadvantaged communities. The County is considered “at-risk” for economic distress according to the Distressed Communities Index, which uses seven indicators of economic well-being found in the U.S. Census Bureau’s American Community Survey (ACS) 5-Year Estimates to evaluate the economic well-being of communities across the US.ⁱⁱ Approximately 25.5% of the population lives at or below the poverty level, more than 30% of adults 25 and older do not have a high school diploma, and more than 30% of adults aged 25 to 54 are not working or not in the labor force. Countywide, the median household income is 21% below the national average and 40% below the state average.ⁱⁱⁱ Additionally, approximately 25% of the population has an active CalFresh/Supplemental Nutrition Assistance Program or CalWORKs/ Temporary Assistance for Needy Families case, and over 75% of school children are eligible for the Free or Reduced-Price Meal (FRPM) program.^{iv}

The projects and programs detailed in this Plan were selected to help all Tulare County communities, but with special consideration for the disadvantaged and underserved communities who experienced a more significant negative economic and social impact as a result of the COVID-19 public health emergency. The County’s Plan focuses on projects and programs that may facilitate economic prosperity in disadvantaged communities and hasten a full recovery from the pandemic. Specific focus areas include: public health and safety protection, emergency medical services, reliable communication infrastructure, access to County services, and access to clean, safe, and sustainable water sources. Individual project and program equity measures may be found in **Attachment B- Project Inventory & Performance**.

The County utilizes the California Healthy Places Index (HPI), developed by the Public Health Alliance of Southern California, as one of many tools for identifying disadvantaged and underserved communities and advancing equitable outcomes. The HPI measures health outcomes, access to services, income, and other equity indicators that shape health in every neighborhood of the State and allows the County to pinpoint underserved communities by zip code. During the height of the pandemic, the County utilized HPI data to provide targeted COVID-19 testing and vaccination outreach and events for communities that have historically lacked adequate access to health care. As a result of this targeted campaign attendance at testing and vaccination events increased by 300% in the communities of Traver, Richgrove, and Pixley.

Other County projects aimed at easing the disproportionate impact of the pandemic on individuals, communities and businesses are housed in the ARPA Compliance and Reporting Guidance Expenditure Category two (EC2). Examples of projects in this category include permanent supportive housing initiatives to acquire and renovate motel facilities to provide housing security for low-income individuals and those experiencing homelessness; and support for local businesses through an Environmental Health Fee waiver project that refunds or waives fees for two years to restaurants, bars, and other local businesses that shut down in compliance with COVID-19 mitigation measures.

4. COMMUNITY ENGAGEMENT

The SLFRF parameters provide substantial flexibility for each jurisdiction to decide how to best meet the needs of their local communities and allow for flexible spending up to the level of their revenue loss. The County, through public comments at Board of Supervisors meetings, Board of Supervisors Town Halls, Government Affairs Committee meetings (City Chambers of Commerce), community council meetings, Board of Supervisors Monthly Message (County website,

COUNTY OF TULARE ARPA FINAL RECOVERY PLAN

July 2022

Facebook, and Twitter), county constituent contacts, and internal County meetings, developed a recovery plan, following SLFRF guidelines and community input to:

- a. Respond to the public health emergency or its negative economic impacts, including assistance to households, small businesses, and nonprofits, or aid to impacted industries such as tourism, travel, and hospitality.
- b. Respond to workers performing essential work during the COVID-19 public health emergency by providing premium pay to eligible workers.
- c. Provide government services to the extent of the reduction in revenue due to the COVID-19 public health emergency relative to revenues collected in the most recent full fiscal year prior to the emergency.
- d. Make necessary investments in water, sewer, or broadband infrastructure.

On August 24, 2021, the County Administrative Officer presented the ARPA Interim Recovery Plan during a regularly scheduled public Board of Supervisors meeting. During this meeting, the public was made aware of the principles used to determine the allocation of ARPA funds and community members provided feedback on multiple projects and programs.

From July 2021 through July 2022, the County has continued to engage the community in a discussion of the use of ARPA funds and has provided information and updates at multiple public meetings regarding changes to ARPA Interim Recovery Plan.

- On March 29, 2022, the County updated the ARPA Interim Recovery Plan to reflect the Final Rule changes in expenditure categories and redistribute funds accordingly. Changes to the Interim Plan were presented during a regularly scheduled Board of Supervisors meeting in which the public had an opportunity to participate and comment. The meeting agenda, which included the updated ARPA Interim Recovery Plan, was posted on the County's website and made available to the public. Through the Board's meeting, the community was updated on the ARPA Interim Recovery Plan projects and programs and the changes made to the plan to align it and comply with the Treasury's Final Rule.
- On May 19, 2022, the Chair of the Tulare County Board of Supervisors presented the annual State of the County to community partners and stakeholders. The State of the County report provides an opportunity for the Chair to highlight the County's accomplishments and outline a vision for the future. Over fifty (50) community partners, stakeholders, and department heads from the various County Departments were in attendance. The Chair's report included information about the County's ARPA Interim Recovery Plan and highlighted projects such as public health response, water infrastructure, improvements for County Parks, assistance for local businesses, and support for permanent and temporary housing opportunities to address homelessness in the County. The State of the County report was also presented by the Tulare County Board of Supervisors Chair at the Board's meeting on May 24, 2022. The community received the message from the Chair and information related to the County's ARPA Interim Recovery Plan.
- The Tulare County Board of Supervisors provided information about ARPA projects at various events, including Town Hall meetings, advisory committee meetings, and other community meetings and events. The County Supervisors shared information regarding ARPA projects and how these projects support the County. It is

COUNTY OF TULARE ARPA FINAL RECOVERY PLAN

July 2022

estimated that through these meetings and events over 5,000 county residents learned about the County's ARPA Interim Plan, including projects such as the Upgraded Dispatch Center, Emergency Medical Services Radio Towers, Water Infrastructure, and Park Improvements.

- Various sectors in the community had the opportunity to learn about water projects being funded by ARPA. In September 2021, the Tulare County Water Commission received information about these projects. The Tulare County Water Commission is comprised of nine members of various sectors, is a public meeting, and is attended by community members, non-governmental organizations dedicated to community water and wastewater solutions, and others. Additionally, details about the projects were shared at various Community Water System Board meetings, including Pixley Public Utility District Board, Tipton Community Services District, and Strathmore Public Utility Board.
- The County has allocated ARPA funding to improve the County Parks, as these are essential to promote improved health outcomes. The Tulare County Parks Advisory Committee, which includes representation from each of the five County districts, meets regularly and the meetings are open to the public. The Committee met in January and April of 2022, and information about ARPA-related projects was shared. Feedback and suggestions were provided by members and attendees on future park projects. Projects have begun at several County Parks and the General Services Agency- Parks Division had an event at these parks (Mooney Grove, Woodville, and Ledbetter). The events were attended by the public, local dignitaries, and community partners. The County Board of Supervisors presented the planned projects for each park.

As part of this Plan, the County will continue to disseminate information through its social media sites, community-based organization partners, Board of Supervisor meetings, Town Halls, Government Affairs Committee meetings, and community council meetings to ensure employees, residents, and businesses of the County are aware of the services funded through SLFRF.

5. LABOR PRACTICES

County labor practices will follow and comply with all local, state, and federal laws, regulations, and directives. This includes compliance with all laws and regulations pertaining to wages and hours, state and federal income tax, unemployment insurance, Social Security, disability insurance, workers' compensation insurance, and discrimination in employment. The County, its contractors, and subcontractors shall comply with Title VI of the Civil Rights Act of 1964, and in accordance with said Act, no person on the grounds of race, color, sex or national origin, shall be excluded from participation in, be denied the benefits of, or be otherwise subject to discrimination under any service or activity in connection with any public works project.

With regard to public works projects, the County, its contractors, and subcontractors shall pay all workers employed on public works projects not less than the prevailing wage rates determined by the Director of the Department of Industrial Relations and shall comply with all laws and regulations relating to the employment of apprentices. Said wage rates pursuant to Section 1773.2 of the Labor Code are on file with the Tulare County General Services Agency, 2637 W. Burrell Avenue Suite 200, Visalia, California and will be made available to any interested person on request.

No contractor or subcontractor may work on county public works projects unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5. According to Labor Code section 1776, contractors and

COUNTY OF TULARE ARPA FINAL RECOVERY PLAN

July 2022

subcontractors are required to keep an accurate record showing the names, occupations, and actual per diem wage of all laborers, workers, and mechanics employed by it in connection with County public works projects.

6. USE OF EVIDENCE

The Plan considers the use of evidence-based programs and identifies them on the Tulare County Final ARPA Recovery Plan Project List - Attachment B.

7. EXPENSES BY EXPENDITURE CATEGORY

Attachment A – Expense by Expenditure Category lists all ARPA projects and programs, including budget allocation, and cumulative expenses. The following is a list of major changes to the projects and programs captured on the County’s ARPA Final Recovery Plan:

Deleted projects

- 1010- HVAC Project for the Lindsay TulareWorks building (\$270,000). This project was removed from the ARPA Plan, as it was necessary to redirect these funds to other HVAC projects due to increased costs.
- 1011- HVAC Project for the Agricultural Commissioner building (\$30,000). This project was removed from the ARPA Plan, as it was necessary to redirect these funds to other HVAC projects due to increased costs.

8. PROJECT INVENTORY & PERFORMANCE

The County’s ARPA Interim Recovery Plan included a list of the County’s projects and programs. The County has aligned the projects and programs with the requirements based on Treasury’s Final Rule guidance. Attachment B- Project Inventory and Performance includes updates to the equity measures and performance indicators, the status of the project or program, and other relevant data as requested by the Treasury’s guidelines.

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

		Dept	Total Project Cost
1: Public Health			\$ 24,851,760
1.1	COVID-19 Vaccination ^		
	Project Name: HHS support for vaccine administration by community partners	HHS	\$ 625,000
	Project ID #: 1001		
	Description: <i>HHS has and continues to establish agreements with healthcare partners to assist with COVID-19 vaccine administration. Funds under this project will be used after the Epidemiology and Laboratory Capacity (ELC) funds have been maximized. Reimbursement to providers is provided at up to \$55/dose.</i>		
	Equity Measures: <i>Vaccination strategies are informed by the California Healthy Places Index (HPI), which identifies which communities are most disadvantaged or at-risk. Tulare County has used this index to identify the zip codes that are most vulnerable, and vaccination events and activities in these underserved areas are prioritized. In addition to this strategy, Tulare County also developed a GIS Mapping tool to identify vaccine registered providers in the County. This tool extended the ability to identify where within the county/communities under the Q1 HPI quartiles needed providers to be registered as vaccine providers. This was addressing health equity by targeting the commuting distance to a vaccination location and decreasing transportation inequities. Accessibility is addressed by locating vaccine events and providers within the communities that may have low vaccination rates. For example, if a community falls under a specific percentage, like under 30% being vaccinated, this draws the attention to set these communities as priorities and schedule vaccine events in that community. The project will be able to sustain these vaccine efforts by making sure that these well-established locations are kept active in these communities for consistency access to the residents.</i>		
	Performance Indicators: <i>As noted above, this funding would provide approximately 45,450 vaccine doses. The County will measure the progress of the project by measuring both the overall County vaccination rate as well as vaccination rates by zip code. Weekly reports are being compiled by Tulare County Epidemiology team to demonstrate the percentage of vaccination among the priority communities, to identify where the needs are and what planning should take place to increase/improve the percentage.</i>		
	Project Status <i>Not Started</i>		
	^ Serving disproportionately impacted communities: <i>Yes, 19 communities were identified to be under the 25% quartile. These are priority communities to be reached. Populations Served: Impacted General Public & Impacted Households that experienced increased food or housing insecurity</i>		
	Project Name: Response Team Support	HHS	\$ 6,711
	Project ID #: 1002		
	Description: <i>Due to the nature of the vaccine point of distribution (POD) events, volunteers and staff working at these events are not able to leave the location, or there is not enough time to leave and get food; therefore, food has been provided. Covers primarily period from March through May of 2021 during period of intensive vaccination efforts, plus a small amount to pay for food during any potential surges.</i>		
	Equity Measures: <i>POD vaccination events were planned throughout Tulare County. The number of events increased with the demand of the vaccine. Many of the events were hosted in underserved communities in the County. The volunteers were key in making the events successful.</i>		
	Performance Indicators: <i>There were over 100 volunteers who assisted during the POD events.</i> 2022 Update: <i>During the timeframe of March - May 2021, 171 POD vaccine events in communities throughout Tulare County.</i>		
	Project Status <i>Completed</i>		
	^ Serving disproportionately impacted communities: <i>Staff support vaccination events in disadvantaged and underserved communities. Populations Served: Impacted General Public. Impacted low or moderate households or populations.</i>		
1.2	COVID-19 Testing ^		
	Project Name: COVID Testing for Tulare County Employees	HHS	\$ 200,000
	Project ID #: 1003		
	Description: <i>Ensure access to testing for Tulare County employees. Testing is an important measure to mitigate and contain the COVID-19 disease.</i>		
	Equity Measures: <i>Tulare County is establishing a testing program for its employees. Tulare County staff are considered essential workers, and have been assisting with responding to the COVID-19 pandemic. These testing sites will be located throughout County facilities, in addition to testing sites available to County residents.</i>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Performance Indicators: County of Tulare employees (over 4,000 employees both full-time and part-time) have the opportunity to participate in this testing program.</p> <p>2022 Update: Testing is available to 4,000 employees at various county facilities throughout the County. Five (5) days a week to ensure access to testing to staff members with capacity to test over 80 employees per day.</p> <p>Project Status Completed Less Than 50%</p> <p>^ Serving disproportionately impacted communities: County of Tulare has offices throughout the County, and many of them are located in, and serve disadvantage communities. The testing sites for staff will be located in some of these communities. Populations Served: Impacted General Public & Impacted Households that experienced increased food or housing insecurity</p>		
1.4 Prevention in Congregate Settings (Nursing Homes, Prisons/Jails, Dense Work Sites, Schools, etc.)[^]		
<p>Project Name: HVAC Project - Visalia Government Plaza</p> <p>Project ID #: 1007</p> <p>Description: Project: Purchase and install two (2) chillers and two (2) boilers at Visalia Government Plaza. Project timeline: Boilers are being installed and chillers are shipping on 10/28/2022. This project will be completed by 12/31/2022. Intended outcomes: Improve ventilation in congregate settings/key County offices. According to the Centers for Disease Control and Prevention*, "when indoors, ventilation mitigation strategies can help reduce viral particle concentration. The lower the concentration the less likely viral particles can be inhaled by the lungs, contact eyes, nose, and mouth; or fall out of the air to accumulate on surfaces. However, ventilation system upgrades or improvements can increase the delivery of clean air and dilute potential contaminants." *https://www.cdc.gov/coronavirus/2019-ncov/community/ventilation.html</p> <p>Equity Measures: Visalia Government Plaza is a key County office housing 622 employees from multiple departments that serve all county residents. These departments include Health and Human Services Agency (HHSA) Administration, Resource Management Agency (RMA), Registrar of Voters, Grand Jury, Information & Communications Technology (TCICT), and General Services Agency (GSA) Print Shop. Members of the public also frequent the building to receive services from these agencies. EQUITY: Due to this building being available to the public, which includes traditionally marginalized communities, this project serves to protect all who enter by utilizing ventilation mitigation strategies to reduce viral particle concentration.</p> <p>Performance Indicators: Performance measures include ordering, purchasing, and installation of HVAC System.</p> <p>Project Status More than 50%</p> <p>^ Serving disproportionately impacted communities: This building is accessed by the Impacted General Public, Impacted Households that experienced increased food or housing insecurity, and disproportionately impacted low income households and populations.</p> <p>* Amount of total funds allocated to evidence-based interventions: 100%</p>	GSA	\$ 1,262,002
<p>Project Name: HVAC Project - Hillman Tulare WORKS and WIC (Women, Infants, and Children)</p> <p>Project ID #: 1008</p> <p>Description: Project: Purchase and install two (2) compressors (motors inside the chillers) and one (1) boiler at Hillman Tulare WORKS and WIC office. Project timeline: This project is anticipated to start by 10/31/2022 and will be completed by June 30, 2023. Intended outcomes: Improve ventilation in congregate settings/key County Offices. According to the Centers for Disease Control and Prevention*, "when indoors, ventilation mitigation strategies can help reduce viral particle concentration. The lower the concentration the less likely viral particles can be inhaled by the lungs, contact eyes, nose, and mouth; or fall out of the air to accumulate on surfaces. However, ventilation system upgrades or improvements can increase the delivery of clean air and dilute potential contaminants." *https://www.cdc.gov/coronavirus/2019-ncov/community/ventilation.html</p> <p>Equity Measures: Hillman Tulare WORKS and WIC are key County offices housing 84 employees. Tulare WORKS employees provide benefit assistance to all qualified families seeking governmental assistance. WIC employees provide services to all low-income women, infants, and children under five who are nutritionally at risk seeking governmental assistance. EQUITY: Due to this building being available to the public, which includes traditionally marginalized communities, this project serves to protect all who enter by utilizing ventilation mitigation strategies to reduce viral particle concentration.</p> <p>Performance Indicators: Performance measures include ordering, purchasing, and installation of HVAC System.</p> <p>Project Status Not started</p> <p>^ Serving disproportionately impacted communities: This building is accessed by the Impacted General Public, Impacted Households that experienced increased food or housing insecurity, and disproportionately impacted low income households and populations.</p>	GSA	\$ 200,000

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
* Amount of total funds allocated to evidence-based interventions: 100%		
Project Name: HVAC Project - Hillman Annex/Immunization Clinic	GSA	\$ 97,000
Project ID #: 1009		
Description: Project: Purchase and install one (1) Dual Pack (heater and cooler in one unit) and three (3) split HVAC units at Hillman Annex/Immunization Clinic. Project timeline: This project will be completed by June 30, 2022 Intended outcomes: Improve ventilation in congregate settings/key County Offices. According to the Centers for Disease Control and Prevention*, "when indoors, ventilation mitigation strategies can help reduce viral particle concentration. The lower the concentration the less likely viral particles can be inhaled by the lungs, contact eyes, nose, and mouth; or fall out of the air to accumulate on surfaces. However, ventilation system upgrades or improvements can increase the delivery of clean air and dilute potential contaminants." * https://www.cdc.gov/coronavirus/2019-ncov/community/ventilation.html		
Equity Measures: Hillman Annex/Immunization Clinic is a key County office housing 12 employees. The Immunization Clinic provides vaccinations for children whose parents or guardians cannot afford the costs. The Immunization Clinic also provide vaccinations for adults traveling abroad, or who have work, school, or immigration requirements. EQUITY: Due to this building being available to the public, which includes traditionally marginalized communities, this project serves to protect all who enter by utilizing ventilation mitigation strategies to reduce viral particle concentration.		
Performance Indicators: Performance measures include ordering, purchasing, and installation of HVAC System. 2022 Update: The HVAC system has been ordered, purchased, and installed. The new system will provide better ventilation in the building which can lower the concentration of viral particles the can be inhaled.		
Project Status Completed		
^ Serving disproportionately impacted communities: This building is accessed by the Impacted General Public, Impacted Households that experienced increased food or housing insecurity, and disproportionately impacted low income households and populations.		
* Amount of total funds allocated to evidence-based interventions: 100%		
Project Name: HVAC Project - Tulare County Libraries	GSA	\$ 890,000
Project ID #: 1012		
Description: Project: Purchase and install seven (7) Dual Packs at the Visalia Library, one (1) Split at Alpaugh Library, one (1) Dual Pack at Tipton Library, two (2) Wall Packs at London Library, two (2) Dual Packs at Ivanhoe Library, five (5) Dual Packs at Dinuba Library, three (3) Dual Packs at Exeter Library, four (4) Dual Packs at Strathmore Library, one (1) Split at Earlimart Library, three (3) Dual Packs at Three Rivers Library, and one (1) Dual Pack at Maddox House. Project timeline: This project will begin by 10/31/2022 and will be completed by June 30, 2023. Intended outcomes: Improve ventilation in congregate settings/key County Offices. According to the Centers for Disease Control and Prevention*, "when indoors, ventilation mitigation strategies can help reduce viral particle concentration. The lower the concentration the less likely viral particles can be inhaled by the lungs, contact eyes, nose, and mouth; or fall out of the air to accumulate on surfaces. However, ventilation system upgrades or improvements can increase the delivery of clean air and dilute potential contaminants." * https://www.cdc.gov/coronavirus/2019-ncov/community/ventilation.html		
Equity Measures: The Tulare County Libraries are key County service locations. The libraries provide services in the cities and unincorporated communities throughout the entire County. The libraries also provide internet and digital services to disadvantaged community members throughout the County.		
Performance Indicators: Performance measures include ordering, purchasing, and installation of HVAC System.		
Project Status Not Started		
^ Serving disproportionately impacted communities: This building is accessed by the Impacted General Public, Impacted Households that experienced increased food or housing insecurity, and disproportionately impacted low income households and populations.		
* Amount of total funds allocated to evidence-based interventions: 100%		
Project Name: HVAC Project - Fire Stations	GSA	\$ 1,530,000
Project ID #: 1013		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Description: <i>Project: Purchase and install one (1) Dual Pack (heater and cooler in one unit) in the following fire stations: Exeter, Strathmore, Lindsay, Lemon Cove, Posey, Tulare, Tipton, Pixley, Earlimart, Alpaugh, Badger, Three Rivers, Kings River, Ivanhoe, Goshen, Dinuba, Cutler/Orosi, Porterville (Success Dr.), Terra Bella, Springville, Richgrove, Porterville (Ave. 152), Pine Mountain, Kennedy Meadows, and Camp Nelson.</i></p> <p><i>Project timeline: This project will begin by 10/31/2022 and will be completed by June 30, 2023.</i></p> <p><i>Intended outcomes: Improve ventilation in congregate settings/key County offices. According to the Centers for Disease Control and Prevention*, "when indoors, ventilation mitigation strategies can help reduce viral particle concentration. <p>Project ID #: <i>1015</i></p>		
<p>Description: <i>Project: Purchase and install one (1) Dual Pack (heater and cooler in one unit) at the Museum.</i></p> <p><i>Project timeline: This project will be completed by December 31, 2022.</i></p> <p><i>Intended outcomes: Improve ventilation in congregate settings/key County offices. According to the Centers for Disease Control and Prevention*, "when indoors, ventilation mitigation strategies can help reduce viral particle concentration. The lower the concentration the less likely viral particles can be inhaled by the lungs, contact eyes, nose, and mouth; or fall out of the air to accumulate on surfaces. However, ventilation system upgrades or improvements can increase the delivery of clean air and dilute potential contaminants."</i></p> <p><i>*https://www.cdc.gov/coronavirus/2019-ncov/community/ventilation.html</i></p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Equity Measures: <i>The Museum is a key County facility housing 3 employees. The Museum employees protect, preserve, and promote understanding of Tulare County's past and its place in the future by providing exhibits and events for the community. The Museum is open to all members of the public and receives thousands of visitors each year which includes students from schools countywide. EQUITY: Due to this building being available to the public, which includes traditionally marginalized communities, this project serves to protect all who enter by utilizing ventilation mitigation strategies to reduce viral particle concentration.</i></p>		
<p>Performance Indicators: <i>Performance measures include ordering, purchasing, and installation of HVAC System.</i></p>		
<p>Project Status <i>Less than 50% completed</i></p>		
<p>^ Serving disproportionately impacted communities: <i>This building is accessed by the Impacted General Public, Impacted Households that experienced increased food or housing insecurity, and disproportionately impacted low income households and populations.</i></p>		
<p>* Amount of total funds allocated to evidence-based interventions: <i>100%</i></p>		
<p>Project Name: <i>Air purifiers and installation costs</i></p>	HHSA	\$ 666,374
<p>Project ID #: <i>1030</i></p>		
<p>Description: <i>The Health and Human Services Agency (HHSA) provide Public Health, Behavioral Health, Social Services programs that protect and enhance individual and public health; provide a safety net of services and supports for the underserved; provide protective services and support for the young and the elderly. This project includes the purchase of air purifiers and filters for deployment in HHSA facilities throughout Tulare County. This is an important disease mitigation measure to prevent the spread of COVID-19 in HHSA facilities and allows HHSA to serve communities throughout the County by keeping offices open and minimizing risk to both staff and clients. CDC disease mitigation guidelines, Portable HEPA air cleaners offer a simple means to increase the filtration of aerosol particles from a room without modifying the existing building ventilation systems- https://www.cdc.gov/mmwr/volumes/70/wr/mm7027e1.htm</i></p>		
<p>Equity Measures: <i>Allows HHSA to serve communities throughout the County by keeping offices open and minimizing risk to both staff and clients. HHSA has offices throughout the County that provide critical face to face services to impacted and disproportionately impacted households, communities, and populations, across County-owned and leased facilities that may not comply with recommended air filtration standards needed to minimize the transmission risk of COVID-19. In the recent past, we have been forced to close facilities due to known cases of contamination, limiting access to needed services, which is especially problematic for disproportionately impacted households, communities, and populations.</i></p>		
<p>Performance Indicators: <i>Performance indicators include the number of air purifiers and filters purchased and distributed across HHSA facilities, and the number of facilities that received the air purifiers.</i></p> <p>2022 Update: <i>As of June 15th, 2022, 235 air purifiers and 982 filters were purchased and distributed across 59 HHSA facilities.</i></p>		
<p>Project Status <i>Completed Less Than 50%</i></p>		
<p>^ Serving disproportionately impacted communities: <i>HHSA Provides critical face to face services to impacted and disproportionately impacted households, communities, and populations across Tulare County, including but not limited to: Disproportionately impacted households that qualify for certain federal programs Disproportionately impacted low-income households and populations Impacted households or populations that experienced a negative economic impact of the pandemic Impacted households that experienced increased food or housing insecurity.</i></p>		
<p>* Amount of total funds allocated to evidence-based interventions: <i>100%</i></p>		
1.5 Personal Protective Equipment^		
<p>Project Name: <i>PPE for HHSA Staff</i></p>	HHSA	\$ 1,541,915
<p>Project ID #: <i>1004</i></p>		
<p>Description: <i>Employees continue to use PPE in the office. Funds would cover Cintas monthly order of masks and hand sanitizer stations. Expense serves approximately 1,735 Agency staff, plus members of the public on a monthly contracted basis. On July 26, 2021 the State Public Health Officer issued an order, effective August 9, that requires workers in certain facilities to wear FDA-cleared surgical masks and follow CDC masking guidelines. This applies to: A) Acute Health Care and Long-Term Care Settings; B) High-Risk Congregate Settings; and C) Other Health Care Settings. These supplies would be procured outside of the Agency's agreement with Cintas which provides cloth masks and hand sanitizer stations for employees and clients.</i></p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Equity Measures: <i>Allows HHSA to serve communities throughout the County by keeping offices open and minimizing risk to both staff and clients. HHSA has offices throughout the County that provide critical face to face services to impacted and disproportionately impacted households, communities, and populations, and the use of PPE reduces the risk of exposure to staff and clients alike.</i></p>		
<p>Performance Indicators: <i>PPE is purchased and distributed to 57 program sites, for use by 1735 employees and the public they serve. PPE includes masks and hand sanitizer stations.</i></p>		
<p>Project Status <i>Less than 50% Completed</i></p>		
<p>^ Serving disproportionately impacted communities: <i>HHSA Provides critical face-to-face services to impacted and disproportionately impacted households, communities, and populations across Tulare County, including but not limited to: Disproportionately impacted households that qualify for certain federal programs Disproportionately impacted low-income households and populations Impacted households or populations that experienced a negative economic impact of the pandemic Impacted households that experienced increased food or housing insecurity</i></p>		
<p>Project Name: <i>Distribution of PPE for other Tulare County institutions responding to COVID-19</i></p>	HHSA	\$ 1,422,000
<p>Project ID #: <i>1005</i></p>		
<p>Description: <i>This funding is primarily reserved for any potential COVID-19 surge in the County. Given the widespread demand that hospitals, nursing homes, doctor's offices, dental clinics, and other small businesses have shown in the past for PPE, a surge in COVID-19 cases could easily require this much funding for PPE, and possibly more. Supplying PPE keeps the disease contained, and could help small businesses stay open when they might otherwise have to close due to an inability to meet disease-mitigation requirements. This project considers that manufacturers have previously raised their prices in the event of widespread PPE shortages, and the proposed amount is reasonable, should COVID-19 cases take a sharp increase in the next few months. Tulare County seen a large demand for home test kits and funds allocated under this project will support CBOs, health partners, employers, etc. in providing test kits as requested.</i></p>		
<p>Equity Measures: <i>PPE will be provided throughout the County which includes underserved and unincorporated areas. It will also be provided to healthcare workers who provide services in these areas.</i></p>		
<p>Performance Indicators: <i>The goal is to procure surgical masks, gloves, and N95 masks and distribute throughout the County.</i></p> <p>2022 Update: <i>PPE such as masks, home test kits, sanitizers, and gloves have been purchased and is being made available to businesses, health care providers, and schools as requested.</i></p>		
<p>Project Status <i>Completed Less Than 50%</i></p>		
<p>^ Serving disproportionately impacted communities: <i>Disproportionately Impacted Non-profits operating in Qualified Census Tracts, Disproportionately Impacted Small businesses operating in Qualified Census Tracts, Disproportionately Impacted Low income households and populations, Impacted General Public</i></p>		
1.6 Medical Expenses (including Alternative Care Facilities)^		
<p>Project Name: <i>Hospitals</i></p>	HHSA	\$ 3,250,000
<p>Project ID #: <i>1006</i></p>		
<p>Description: <i>Public Health will provide additional funding to local hospitals to assist the hospitals in being reimbursed for COVID-19 expenses and to support hospitals in emergency response services.</i></p>		
<p>Equity Measures: <i>This project was designed to assist community partners with providing direct patient care through mobile clinics and street medicine teams as well as enhanced services provided through the emergency room. The three recipient hospitals in Tulare County serve all residents of the County, including underserved communities and residents who live in qualified census tracts.</i></p>		
<p>Performance Indicators: <i>The hospitals will be presenting work plans to provide testing and vaccination services to unincorporated and underserved areas of the County. This includes both direct patient care and the supplies needed to accomplish these tasks.</i></p> <p>2022 Update: <i>The hospitals will be presenting workplans aligning with COVID-19 response or requests for reimbursement for COVID-19 related expenses.</i></p>		
<p>Project Status <i>Not Started</i></p>		
<p>^ Serving disproportionately impacted communities: <i>Impacted General Public Disproportionately Impacted Low income households and populations</i></p>		
1.7 Other COVID-19 Public Health Expenses (including Communications, Enforcement, Isolation/Quarantine)^		
<p>Project Name: <i>Upgraded Dispatch Firewall, 911 System</i></p>	TCICT	\$ 1,764,559
<p>Project ID #: <i>1025</i></p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Description: 1) <i>Description: This project will provide dispatch and emergency communications service to Tulare County Sheriff Department, Tulare County Fire Department, Medical Ambulance Services. The coverage is for the entire County of Tulare and cities within Tulare County. This also includes:</i></p> <ul style="list-style-type: none"> -Cigna WAN and LAN -Firepower 2130 -11 System (for TCSO & Fire) -Radios and Base Stations -Motorola Dispatch Transport Network Configuration Tool (TNCT) -Installation, Configuration & Training -GrayBar <p><i>For items above, this will include configurations, engineering, documentation, inspections, training and sign off on all applicable items located at TCSO and TC Fire Headquarters in Visalia, Ca.</i></p> <p>2) <i>Timeline: Estimated completion date of December 31, 2023</i></p> <p>3) <i>Delivery Mechanism: tbd</i></p>		
<p>Equity Measures: <i>The implementations of improved communications will add to the public safety for all of the Tulare County Fire stations including in remote communities.</i></p>		
<p>Performance Indicators: 4) <i>Intended Outcomes: Rollout of an updated dispatch system in the Cigna building.</i></p>		
<p>Project Status <i>Completed 50% or More</i></p>		
<p>^ Serving <i>Impact to general public</i></p> <p>disproportionately impacted communities: <i>Impacted low or moderate income households or populations</i></p>		
<p>Project Name: <i>Equipment and licenses for use in telework, HIPAA compliance, privacy and security, and cloud based structures (O365 licenses, softphone licenses, and Zoom licenses.)</i></p>	TCiCT	\$ 3,000,000
<p>Project ID #: 1026</p>		
<p>Description: <i>This request is to have funds pay for an additional 1-2 years of annual license fees associated with the transition to O365 structure and softphone license renewals. At this time the figure reflected was an estimate as TCiCT will have the total number of licenses and costs associated. By taking this approach it will assist Programs with determining overall costs moving forward for budgeting purposes of IT expenditures under the new direct-bill structure. Zoom licenses are also authorized to be used in telemedicine or other distance access to services.</i></p>		
<p>Equity Measures: <i>Provides for continuity of services for public health (disease mitigation & pandemic response), behavioral health (services to address mental health & substance use disorder), and social services (benefits such as cash & food assistance, Medi-Cal, etc.) as well as protection for vulnerable populations (child welfare, foster kids, seniors, etc.) Continuity of services is particularly important for disproportionately impacted communities.</i></p> <p>2022 Update: <i>Acquired 5500 licenses that provided County staff the ability to continue services countywide through remote work to the general public. Implementation of the telework environment prevented disruption of county services for disproportionately impacted communities that would have suffered irreparable harm due to the pandemic.</i></p>		
<p>Performance Indicators: <i>Implementation and use of a telework environment by 75% or more county staff</i></p>		
<p>Project Status <i>Completed 50% or More</i></p>		
<p>^ Serving <i>Impact to general public</i></p> <p>disproportionately impacted communities: <i>Impacted low or moderate income households or populations</i></p>		
<p>Project Name: <i>Earlimart Radio Tower & Microwave infrastructure for Earlimart Sub</i></p>	TCiCT	\$ 265,000
<p>Project ID #: 1027</p>		
<p>Description: 1) <i>Description: The implementation will allow for improved communications, through additional of a new tower and microwave point to point, for all of the Tulare County emergency services. Installation will aid to public safety, including in remote communities.</i></p> <p>2) <i>Timeline: Targeted for December 2023</i></p> <p>3) <i>Delivery Mechanism: tbd</i></p>		
<p>Equity Measures: <i>Effort will aid in Tulare County's ability to respond to emergency situations throughout the county including in remote communities.</i></p>		
<p>Performance Indicators: 4) <i>Intended Outcomes: Tower and microwave will provide communication services for all of Tulare County emergency services</i></p>		
<p>Project Status <i>Completed less than 50%</i></p>		
<p>^ Serving <i>Impact to general public</i></p> <p>disproportionately impacted communities: <i>Impacted low or moderate income households or populations</i></p>		
<p>Project Name: <i>OES-Video Conferencing</i></p>	HHSA	\$ 100,000
<p>Project ID #: 1028</p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Description: <i>To purchase and install additional components to the Audio/Video System for the Emergency Operations Center (EOC) in support of video conferencing and other remote collaboration tools. This deficiency was identified during COVID-19 and limited the County's ability to effectively coordinate a major disaster response (DR-4558-CA) within the COVID-19 emergency. This upgrade will allow for full integration of virtual participants while adhering to social distancing or isolation/quarantine measures, and will serve to improve coordination between incident facilities in future emergencies.</i></p>		
<p>Equity Measures: <i>This project enhances the Emergency Operations Center which serves the entire County. Tulare County has numerous disadvantaged areas encompassing a large portion of the population. By virtue of serving a County-wide facility, this project serves the large disadvantaged population of Tulare County. Disadvantaged populations are more likely to live in disaster-prone locations (e.g. floodplains, high fire risk areas), making them the most likely beneficiaries of this investment.</i></p>		
<p>Performance Indicators: <i>The video conferencing components will be installed in the Emergency Operations Center, and will be used in future emergency operations to incorporate off-site personnel and enhance collaboration / communication with other incident facilities (e.g. incident command posts, DOCs, REOC).</i></p>		
<p>Project Status <i>Not Started</i></p>		
<p>^ Serving disproportionately impacted communities: <i>This project enhances the Emergency Operations Center which serves the entire County. Tulare County has numerous disadvantaged areas encompassing a large portion of the population. By virtue of serving a County-wide facility, this project serves the large disadvantaged population of Tulare County. Disadvantaged populations are more likely to live in disaster-prone locations (e.g. floodplains, high fire risk areas), making them the most likely beneficiaries of this investment. Impacted and disproportionately impacted households, communities, and populations across Tulare County, including but not limited to: Disproportionately impacted households that qualify for certain federal programs Disproportionately impacted low-income households and populations Impacted households or populations that experienced a negative economic impact of the pandemic Impacted households that experienced increased food or housing insecurity</i></p>		
<p>Project Name: <i>OES-Plotter Upgrade</i></p>	HHS	\$ 14,768
<p>Project ID #: <i>1029</i></p>		
<p>Description: <i>To purchase a new high-speed plotter for printing maps and other visuals at the Emergency Operations Center (EOC). This will increase capacity for printing maps, temporary signage, and other visuals used for both internal and inter-agency coordination (e.g. road / aerial imagery maps of fire and flood-impacted or -threatened areas) as well as public communication (e.g. signage for shelters, vaccination PODs, Local Assistance Centers). This project is a short-duration activity as it entails only the procurement and deployment of the plotter hardware.</i></p>		
<p>Equity Measures: <i>This project enhances the Emergency Operations Center which serves the entire County. Tulare County has numerous disadvantaged areas encompassing a large portion of the population. By virtue of serving a County-wide facility, this project serves the large disadvantaged population of Tulare County. Disadvantaged populations are more likely to live in disaster-prone locations (e.g. floodplains, high fire risk areas), making them the most likely beneficiaries of this investment.</i></p>		
<p>Performance Indicators: <i>The plotter will be installed in the Emergency Operations Center, and will be used in future emergency operations to produce maps, signage, and other incident-related visuals.</i> 2022 Update: <i>The plotter was installed in the Emergency Operations Center, and will be used in future emergency operations to produce maps, signage, and other incident-related visuals.</i></p>		
<p>Project Status <i>Completed</i></p>		
<p>^ Serving disproportionately impacted communities: <i>This project enhances the Emergency Operations Center which serves the entire County. Tulare County has numerous disadvantaged areas encompassing a large portion of the population. By virtue of serving a County-wide facility, this project serves the large disadvantaged population of Tulare County. Disadvantaged populations are more likely to live in disaster-prone locations (e.g. floodplains, high fire risk areas), making them the most likely beneficiaries of this investment. Impacted and disproportionately impacted households, communities, and populations across Tulare County, including but not limited to: Disproportionately impacted households that qualify for certain federal programs Disproportionately impacted low-income households and populations Impacted households or populations that experienced a negative economic impact of the pandemic Impacted households that experienced increased food or housing insecurity</i></p>		
<p>Project Name: <i>Addressing Homelessness - Isolation/Quarantine of Homeless Individuals & Households</i></p>	HHS	\$ 310,000
<p>Project ID #: <i>1031</i></p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Description: <i>Project will identify homeless individuals and their families at high-risk for negative health outcomes and provide isolation and quarantine through non-congregate shelter from March 3, 2021 - June 30, 2022 to protect human life, minimize strain on health care system capacity, provide safe housing to quarantine and isolate, while connecting homeless individuals and their families with SafetyNet programs.</i></p>		
<p>Equity Measures: <i>Project works directly with the local Continuum of Care (CoC) to utilize the Coordinated Entry System via the Homeless Management Information System (HMIS) to identify individuals with medical and economic disparities. The project serves economically disadvantaged individuals with minimum eligibility criteria of homelessness and high-risk, such that over 25 percent of intended beneficiaries are below the federal poverty line</i></p>		
<p>Performance Indicators: <i>a) Nightly stays of COVID positive and exposed individuals and b) Nightly stays of high-risk individuals, c) accessibility to government safety net programs, d) transition to stable housing vs return to street homelessness.</i> 2022 Update: <i>A) and B) To date there have been a total of 64 individuals that were high-risk, exposed or COVID positive that were isolated.: 32 in 2020, 18 in 2021, and 14 to date in 2022. C) All clients were offered safety net programs. D) This information can be provided after the sunset of the program.</i></p>		
<p>Project Status <i>Completed 50% or more - Sunset of project 6/30/22</i></p>		
<p>^ Serving disproportionately impacted communities: <i>Disproportionately Impacted Low income households and populations. Projects allocates 100% of funds for Housing First interventions, which prioritizes providing permanent housing to people experiencing homelessness, thus ending their homelessness and serving as a platform from which they can pursue personal goals and improve their quality of life.</i></p>		
<p>Project Name: COVID-19 Vaccine and Testing Outreach</p>	HHSA	\$ 200,000
<p>Project ID #: 1032</p>		
<p>Description: <i>Additional messaging and outreach activities are necessary to provide information on COVID-19 testing, vaccines, treatments, etc. so that the community is informed of the available resources</i></p>		
<p>Equity Measures: <i>Outreach and media activities target the most disadvantaged and underserved communities in the County. For example, radio and TV ads are aired in both English and Spanish in order to reach the Spanish-speaking population, which has been identified as high-risk. Also, as a rural county, media are selected to ensure maximum accessibility to the remote populations (e.g. radio instead of the internet).The majority of the efforts with media and communication has been driven by the communities identified among the lower Healthy Places Index (communities with less access to services and in greater needs) quartiles.</i></p>		
<p>Performance Indicators: <i>As the outreach and media will be aimed at reducing vaccine hesitancy, vaccination rates will be measured in the targeted communities to measure the success of the project. Weekly reports are being compiled by Tulare County Epidemiology team to demonstrate the percentage of vaccination among the priority communities, to identify where the needs are and what planning should take place to increase/improve the percentage.</i> 2022 Update: <i>Radio and magazine advertising increased attendance to COVID-19 vaccine events by 300% in communities located in the Healthy Places Index Q1 (underserved) areas within Tulare County that lack access to health care by providing services in their communities. Magazine advertising occurred for a six-month period with two ads per magazine. Radio advertising was available through two stations.</i></p>		
<p>Project Status <i>Completed Less Than 50%</i></p>		
<p>^ Serving disproportionately impacted communities: <i>Disproportionately Impacted Households and populations residing in Qualified Census Tracts, Disproportionately Impacted Low income households and populations, Impacted Low or moderate income households or populations, Impacted General Public</i></p>		
<p>Project Name: TCSO Isolation and Quarantine Measures</p>	TCSO	\$ 4,473,706
<p>Project ID #: 1042</p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Description: <i>To mitigate the effects of the COVID-19 public health emergency within Tulare County jail facilities, the Sheriff's Office has dedicated five of eight housing modules at its Pre-Trial Jail Facility. The designated housing modules are utilized strictly for COVID-19 observation, quarantine, and isolation. All arrests are housed in observation units for a minimum of 10 days before qualifying to go to regular housing. Any deemed outbreak within any designated module at the Pre-Trial Facility becomes locked down. Inmates are medically screened/assessed; COVID-19 tests are administered on days 0, 5, and 10. If no signs/symptoms are present and results are negative for COVID-19, the affected module is taken off quarantine status. Suspect Forms and Contact Tracing are completed by medical, HHSA, HR&D, and/or designated Infectious Control Officer within the Sheriff's Office. Free COVID-19 education (verbal, pamphlet, and video) and free COVID-19 vaccinations for inmates are offered during bookings and while housed within any Sheriff's Office jail facility. Mandatory Personal Protective Equipment (PPE) is issued and regularly replaced and enforced within all jail facilities. Trainings for all sworn staff with occasional repeat training as reminders to establish and/or any new State or County COVID-19 guidelines will be done regularly. Through the County Health Officer, Health & Human Services Agency, and jail medical provider, Wellpath, the Sheriff's Office created and will sustain best practice workflow charts for covid prevention amongst inmates, staff, and the public. All Sheriff's sworn staff working in these designated units or exposed to the COVID-19 virus, use a special assignment code (C19, C19B, C19R) on their timecards to track all Salary and Benefits costs associated with this project.</i></p>		
<p>Equity Measures: <i>All arrests, regardless of race, ethnicity, age, religious background, gender, medical ailment, education level, mental health needs, or other beliefs are received, booked, and classified for housing in observation units for a minimum of 10 days before qualifying to go to appropriate regular housing within one of three Sheriff's Office jail facilities. Placecards are posted in various locations in each housing units/modules in both English and Spanish that explain the categories of observation, quarantine, and isolation. All arrests brought into a Tulare County jail facility are educated about the Covid-19 vaccination by contracted medical staff and are offered the vaccination(s) at no cost to the inmate. All inmates brought in are also educated about the covid testing methods and tested via Rapid and PCR tests at no cost. Any inmate who becomes released before receiving the 2nd dose of the covid vaccination is provided a written referral. This project primarily serves disadvantaged and low-income communities throughout Tulare County. The County comprises approximately 34 towns and cities, of which 17 are in a qualified census tract. All arrests within Tulare County, regardless of where they are from or what community they are from, are tested for Covid-19, educated on Covid-19, offered the Covid-19 vaccination regiment, and housed in observation units for a minimum of 10 days before qualifying to go to regular housing. Inmates are not charged for any medical or mental health services or referrals.</i></p>		
<p>Performance Indicators: <i>A Dashboard has been created and is sustained with daily statistics for any administered covid tests (positive, negative, or recovered) and for any covid vaccinations (1st dose, 2nd dose, refusals, or released prior to 2nd dose). The Dashboard also maintains any current numbers for those inmates who are in isolation, quarantine and/or positive. It is estimated that 4,500 inmates are booked into a Tulare County jail every three months or quarter. Through this project, the Sheriff's Office strives to have 100% adherence of all booking into a county jail facility screened through the observation/quarantine protocol.</i></p> <p>2022 Update: <i>Vaccination and Testing totals for Inmates: Totals through June 20, 2022: <u>Vaccines:</u> vaccines provided: 2,459: First Dose: 1,209, Second Dose: 885, Third Dose/Booster: 365 Secondary Refusal: 88 Released prior to secondary: 180 Declined Vaccination: 3,141 <u>Tests:</u> Tested: 37,651 Confirmed positive: 776</i></p>		
<p>Project Status <i>Completed less than 50%</i></p>		
<p>^ Serving disproportionately impacted communities: <i>This project primarily serves disadvantaged and low-income communities throughout Tulare County. The County comprises approximately 34 towns and cities, of which 17 are in a qualified census tract. All arrests within Tulare County, regardless of where they are from or what community they are from, are tested for Covid-19, educated on Covid-19, offered the Covid-19 vaccination regiment, and housed in observation units for a minimum of 14 days before qualifying to go to regular housing. Inmates are not charged for any medical or mental health services or referrals. Populations served: Impacted General Public Disproportionately Impacted Households and populations residing in Qualified Census Tracts</i></p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
Project Name: Alpaugh Park	GSA	\$ 853,500
Project ID #: 1033		
Description: <i>Project: Repair one (1) arbor and (3) grills. Install irrigation system and electrical system. Project Timeline: Replace arbor and grills by December 31, 2022, install irrigation system and electrical system by June 30, 2023. Intended Outcomes: Addressing health disparities and the social determinants of health, building stronger neighborhoods and communities, and promoting healthy childhood environments by improving the park. The Park provides space and amenities for play and exercise for the Alpaugh community. Additionally, the park is used for social gatherings which will assist in bringing the community back together as recovery efforts begin for the COVID-19 pandemic. Outdoor space and socialization can also assist in improving psychological health. An article published in the February 2019 issue of the International Journal of Environmental Research and Public Health states, "The presence of urban green spaces can encourage positive social interactions that cultivate social cohesion in ways that enhance health and well-being. Urban green spaces have also been linked to positive health behaviors and outcomes including increased physical activity and social engagement" (Jennings & Bamkole, 2019). Jennings, V., & Bamkole, O. (2019). The Relationship between Social Cohesion and Urban Green Space: An Avenue for Health Promotion. International Journal of Environmental Research and Public Health, 16(3), 452. doi:10.3390/ijerph16030452</i>		
Equity Measures: <i>Alpaugh Park is in a Qualified Census Tract. Alpaugh is a rural disadvantaged community with a population of 1,145 with limited access to services. Health outcomes are linked closely with poverty and the residents of Alpaugh experience elevated rates of poor health conditions as a result of limited access to services. By improving the Park, it gives greater opportunity to residents for exercise, children to play, and family and friends to gather. Residents will be made aware of any modifications to the park via social media and through partner collaborations working in the community. Demographics: 66.9% Hispanic White, 10.04% non-Hispanic White, 14.6% race other than White, 5.15% American Indian, 3.32% identify as two or more races, and .52% Asian.</i>		
Performance Indicators: <i>Compare number of arbor reservations pre and post improvements.</i>		
Project Status <i>Less than 50% completed</i>		
^ Serving disproportionately impacted communities: <i>Disproportionately Impacted Households and populations residing in Qualified Census Tracts- Alpaugh Park is in a Qualified Census Tract. Alpaugh is a rural disadvantaged community with a population of 1,145 with limited access to services. Health outcomes are linked closely with poverty and the residents of Alpaugh experience elevated rates of poor health conditions as a result of limited access to services.</i>		
Project Name: Goshen Park	GSA	\$ 125,100
Project ID #: 1036		
Description: <i>Project: Build an arbor, install picnic tables and grills. Project timeline: The project will be completed by June 30, 2023. Intended Outcomes: Addressing health disparities and the social determinants of health, building stronger neighborhoods and communities, and promoting healthy childhood environments by improving the park. Additionally, the park is used for social gatherings which will assist in bringing the community back together as recovery efforts begin for the COVID-19 pandemic. Outdoor space and socialization can also assist in improving psychological health. An article published in the February 2019 issue of the International Journal of Environmental Research and Public Health states, "The presence of urban green spaces can encourage positive social interactions that cultivate social cohesion in ways that enhance health and well-being. Urban green spaces have also been linked to positive health behaviors and outcomes including increased physical activity and social engagement" (Jennings & Bamkole, 2019). Jennings, V., & Bamkole, O. (2019). The Relationship between Social Cohesion and Urban Green Space: An Avenue for Health Promotion. International Journal of Environmental Research and Public Health, 16(3), 452. doi:10.3390/ijerph16030452</i>		
Equity Measures: <i>Goshen is an unincorporated community west of Visalia, next to the 99 highway corridor with a population of 3,304. The average household income is \$41,580 with a poverty rate of 41.65%. By improving the Park, it gives greater opportunity for residents to exercise, children to play, and family and friends to gather. Residents will be made aware of any modification to the park via social media and through partner collaborations working in the community. Demographics of Goshen: 39.80% Hispanic White, 15.38% non-Hispanic White, 32.57% Other race, .61% Black or African American, 2.66% Native American, 2.45% identify as two or more races, 5.99% Asian, and .54% Native Hawaiian and Other Pacific Islander. Although Goshen is not in a Qualified Census Tract, the population of 2,850, within half a mile of the Park, is disadvantaged. The median household income for this area is \$25,424. Additionally, Tulare County has high rates of poverty, obesity, and food insecurity (University of CA, Cal Fresh Healthy Living). By improving the park, residents will have a place to go for activity and exercise to attempt to offset poor health outcomes. Over 25% of intended beneficiaries are below the federal poverty line.</i>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
Performance Indicators: <i>Conduct surveys to determine usage pre and post improvements.</i>		
Project Status: <i>Less than 50% completed</i>		
^ Serving disproportionately impacted communities: <i>Disproportionately Impacted Households and populations residing in Qualified Census Tracts-Goshen is an unincorporated community west of Visalia, next to the 99 highway corridor with a population of 3,304 with limited access to services. Health outcomes are linked closely with poverty and the residents of Alpaugh experience elevated rates of poor health conditions as a result of limited access to services.. The average household income is \$41,580 with a poverty rate of 41.65%. By improving the Park, it gives greater opportunity for residents to exercise, children to play, and family and friends to gather. with limited access to services.</i>		
Project Name: <i>Pixley Park</i>	GSA	\$ 1,153,800
Project ID #: <i>1040</i>		
Description: <i>Projects: Repair arbors and replace arbors, water distribution, irrigation, picnic tables, grills, and electrical system. Project timeline: Projected will be completed by June 30, 2023. Intended outcomes: Addressing health disparities and the social determinants of health, building stronger neighborhoods and communities, and promoting healthy childhood environments by improving the park. The Park provides space and amenities for play and exercise for the Pixley community. Additionally, the park is used for social gatherings which will assist in bringing the community back together as recovery efforts begin for the COVID-19 pandemic. Outdoor space and socialization can also assist in improving psychological health. An article published in the February 2019 issue of the International Journal of Environmental Research and Public Health states, "The presence of urban green spaces can encourage positive social interactions that cultivate social cohesion in ways that enhance health and well-being. Urban green spaces have also been linked to positive health behaviors and outcomes including increased physical activity and social engagement" (Jennings & Bamkole, 2019). Jennings, V., & Bamkole, O. (2019). The Relationship between Social Cohesion and Urban Green Space: An Avenue for Health Promotion. 1.14 Other Public Health Services ^

Project Name: <i>Tech Equipment (Adobe Acrobat Licenses, iPad minis for vaccine pods)</i>	HHS	\$ 544,327
Project ID #: <i>1047</i>		
Description: <i>This project funds laptops, monitors, docking stations, software licenses, mini-iPads, and Adobe licenses needed to support HHS employees as they work from home, in the field, and from the office. This item will cover the expenses incurred during the Vaccine POD activities such as iPad minis needed for registration and tracking. Additionally, some funds will be used by the Public Health Branch to support the purchase of call center licenses and improvements to the Public Health Electronic Health Record system and its infrastructure based on the need for modernization to meet state mandates as well as the need to respond to emerging issues, such as ongoing COVID surges, new pandemic threats such as monkey pox, and community concerns such as the infant formula shortage and similar problems. Remaining funds will be utilized to upgrade equipment reaching its end-of-life in HHS programs.</i>		
Equity Measures: <i>Provides for continuity of services for public health (disease mitigation & pandemic response), behavioral health (services to address mental health & substance use disorder), and social services (benefits such as cash & food assistance, Medi-Cal, etc.) as well as protection for vulnerable populations (child welfare, foster kids, seniors, etc.) Continuity of services is particularly important for disproportionately impacted communities.</i>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Performance Indicators: <i>Performance indicators include the number of equipment and licenses purchased and implemented to support telework, HIPAA compliance, privacy and security, and cloud-based structures.</i></p> <p>2022 Update: <i>As of June 15th, 2022, 202 cloud based Adobe licenses, 36 laptops with service agreements, and cloud-based compliance software have been purchased and distributed across HHSA.</i></p>		
<p>Project Status <i>Completed 50% or More</i></p>		
<p>^ Serving disproportionately impacted communities: <i>HHSA Provides critical face to face services to impacted and disproportionately impacted households, communities, and populations across Tulare County, including but not limited to: Disproportionately impacted households that qualify for certain federal programs</i> <i>Disproportionately impacted low-income households and populations</i> <i>Impacted households or populations that experienced a negative economic impact of the pandemic</i> <i>Impacted households that experienced increased food or housing insecurity.</i></p>		
2: Negative Economic Impacts		\$ 9,813,972
2.15 Long-term Housing Security: Affordable Housing*^		
<p>Project Name: <i>Addressing Homelessness - Tagus Gardens and Sequoia Lodge Renovations</i></p>	HHSA	\$ 1,500,000
<p>Project ID #: <i>3001</i></p>		
<p>Description: <i>Project includes acquisition and renovation of motel facilities to meet HUD Housing Habitability Standards, slated to be completed by end of 2022</i></p>		
<p>Equity Measures: <i>Units will be offered individuals selected through the Coordinated Entry System utilizing HMIS and the VI-SPDAT to evaluate priority based upon health risk to determine eligibility and equitable engagement for placement.</i></p> <p>2022 Update: <i>Units will be offered to individuals selected through the Coordinated Entry System and have qualified for housing vouchers.</i></p>		
<p>Performance Indicators: <i>a) 50 units at Sequoia available for occupancy, b) 30 units at Tagus available for occupancy, c) units occupied by at least 20 occupants who are below the Federal Poverty Level.</i></p> <p>2022 Update: <i>Madson Gardens will provide 46 units of permanent supportive housing</i></p>		
<p>Project Status <i>Not started</i></p>		
<p>^ Serving disproportionately impacted communities: <i>The project serves economically disadvantaged individuals with minimum eligibility criteria such that over 25 percent of intended beneficiaries are below the federal poverty line</i> <i>Disproportionately Impacted Low income households and populations</i></p>		
<p>* Amount of total funds allocated to evidence-based interventions: <i>Project allocated 100% of funds toward the purchase of the building. Project uses Housing First Interventions, which prioritizes providing permanent housing to people experiencing homelessness.</i></p>		
2.16 Long-term Housing Security: Services for Unhoused Persons*^		
<p>Project Name: <i>Addressing Homelessness - Homeless Key Supports</i></p>	HHSA	\$ 2,184,253
<p>Project ID #: <i>3002</i></p>		
<p>Description: <i>Services targeted to sheltered and unsheltered homeless individuals providing targeted high-intensity case management, navigation, and wrap-around services to obtain or maintain permanent supportive housing from September 1, 2021 - September 30, 2022, including the costs of leasing/renting project roomkey sites. Once sites become Homekey facilities, program will support costs of running these facilities.</i></p>		
<p>Equity Measures: <i>All renovated units will be targeted as low income units to serve a broad range of disadvantages individuals</i></p>		
<p>Performance Indicators: <i>a) Participant nightly stays and b) transition to stable housing vs return to street homelessness.</i></p>		
<p>Project Status <i>Completed less than 50%</i></p>		
<p>^ Serving disproportionately impacted communities: <i>Disproportionately Impacted Low income households and populations.</i></p>		
<p>* Amount of total funds allocated to evidence-based interventions: <i>The project uses the Housing First model, which is an evidence-based housing intervention</i></p>		
<p>Project Name: <i>No Place Like Home, Housing Supports</i></p>	HHSA	\$ 400,000
<p>Project ID #: <i>3003</i></p>		
<p>Description: <i>The project will provide case management and other wrap around services to four new construction projects throughout Tulare County providing integrated housing with supportive services targeted to individuals experiencing homelessness who also experience a need for coordinated care; Projects includes 1) Non-Competitive project in partnership with Self-Help Enterprises located in Dinuba; 2) Competitive project in partnership with UpHoldings Inc. located in Porterville; 3) Competitive project in partnership with Self-Help Enterprises located in Tulare; 4) Competitive project in partnership with Self-Help Enterprises located in Visalia</i></p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
Equity Measures: <i>All renovated units will be targeted as low income units to serve individuals, such that who are at least 25% below the Federal Poverty Level.</i>		
Performance Indicators: <i>a) Occupancy for NPLH units within the projects will be 100% occupied by HHSA referrals; b) # of contacts/month by program staff; c) # of occupants enrolled in MH/SUD services; d) # of occupants enrolled or engaged in services with other partners including Tulare WORKS, etc.; e) # of occupants transitioned to permanent supportive housing</i>		
Project Status: <i>Not started. All sites are still awaiting or under construction, to be completed in 2023, before services can begin being delivered.</i>		
^ Serving disproportionately impacted communities: <i>Disproportionately Impacted Low income households and populations.</i>		
* Amount of total funds allocated to evidence-based interventions: <i>The project uses the Housing First model, which is an evidence-based housing intervention</i>		
Project Name: <i>The Village Tiny Homes in Tulare and Goshen</i>	HHSA	\$ 500,000
Project ID #: <i>3004</i>		
Description: <i>Goshen - Neighborhood Village - \$250K - This project is projected begin construction in Phase II of ARPA. When completed, the project will provide approximately 67 beds for the Homeless population. It will be comprised of 52 units of 1 and 2 bedroom manufactured units. Lighthouse Rescue Mission - \$250K - The funding will be used for operation of approximately nine months, offering shelter to the Homeless population in the City of Tulare. In 2022 the facility added 56 additional bed to the emergency shelter location, increasing operational costs.</i>		
Equity Measures: <i>A)The shelter operations will be for those individuals experiencing homelessness. B)All renovated units will be targeted as low income units to serve individuals, such that who are at least 25% below the Federal Poverty Level.</i>		
Performance Indicators: <i>Neighborhood Village - 67 beds and Lighthouse Rescue Mission 56 beds for a total of 119 bed for the Homeless population.</i>		
Project Status: <i>Completed less than 50% - Lighthouse Rescue Mission is completed and funds will be used for operations. Neighborhood Village is scheduled for Phase II of spending.</i>		
^ Serving disproportionately impacted communities: <i>Disproportionately Impacted Low income households and Populations. The project serves economically disadvantaged individuals with minimum eligibility criteria such that over 25 percent of intended beneficiaries are below the federal poverty line</i>		
* Amount of total funds allocated to evidence-based interventions: <i>Projects allocates 100% of funds for Housing First interventions, which prioritizes providing permanent housing to people experiencing homelessness, thus ending their homelessness and serving as a platform from which they can pursue personal goals and improve their quality of life.</i>		
Project Name: <i>TC Hope Projects in Visalia, Tulare, and Porterville</i>	HHSA	\$ 2,000,000
Project ID #: <i>3005</i>		
Description: <i>Support the building of low-barrier navigation centers and shelters for those in each of the three largest cities in Tulare County: A)Finca Serena is a permanent supportive housing site. The site has broken ground and the money will be used toward construction costs. This project is will provide 80 units of housing to Porterville. The amount earmarked for this project is \$500K. B) The Visalia Navigation Center will be a low barrier homeless shelter offering approximately 100 beds. Contracts are scheduled to be executed July 2022 with construction slated to begin in August 2022. The amount earmarked for this project is \$1 million. C) The Tulare shelter project is still in the planning stages. The amount earmarked for this project is \$500K</i>		
Equity Measures: <i>All shelters and renovated units will be targeted as low income units to serve individuals, such that who are at least 25% below the Federal Poverty Level.</i>		
Performance Indicators: <i>Between the three projects- it is anticipated there will be 300 shelter beds and 80 permanent housing units.</i>		
Project Status: <i>Not started</i>		
^ Serving disproportionately impacted communities: <i>Disproportionately Impacted Low income households and populations. The project serves economically disadvantaged individuals with minimum eligibility criteria such that over 25 percent of intended beneficiaries are below the federal poverty line</i>		
* Amount of total funds allocated to evidence-based interventions: <i>Projects allocates 100% of funds for Housing First interventions, which prioritizes providing permanent housing to people experiencing homelessness, thus ending their homelessness and serving as a platform from which they can pursue personal goals and improve their quality of life.</i>		
2.29 Loans or Grants to Mitigate Financial Hardship ^		
Project Name: <i>Assistance to Local Restaurants & Other Impacted Businesses - Refund/Waiver of Environmental Health Fees</i>	HHSA	\$ 925,000
Project ID #: <i>2001</i>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

		Dept	Total Project Cost
<p>Description: <i>Environmental Health will refund or waive all fees paid by restaurants, bars, and businesses related to body art, all of which were shut down substantially due to COVID-19 mitigation measures. For 1/27/2020 (the official start of the pandemic and the first day costs can be charged to ARPA SLFRF) through 1/31/2021, the cost would be \$442,422 and for the following year the cost would be \$481,724. ARPA SLFRF rules specifically encourage states, counties, and municipalities to use ARPA funds to render assistance to sectors that were disproportionately impacted by the pandemic.</i></p>			
<p>Equity Measures: <i>This project was designed to help businesses effected by the COVID-19 pandemic. These businesses employ people from the entire county and many are located in the unincorporated areas.</i></p>			
<p>Performance Indicators: <i>It is estimated that 965 businesses will be eligible for fee reimbursement from 1/27/20 thru 1/27/21 and 983 businesses will be eligible the following year.</i> 2022 Update: <i>Environmental Health has issued reimbursement to eligible consumers of Environmental Health to mitigate the financial hardships due to closures imposed on businesses as a result of state required closures. Refunds were issued to 955 businesses in Tulare County including those serving unincorporated areas.</i></p>			
<p>Project Status <i>Completed</i></p>			
<p>^ Serving disproportionately impacted communities: <i>Impacted Small businesses that experienced a negative economic impact of the pandemic</i></p>			
2.34 Assistance to Impacted Nonprofit Organizations (Impacted or Disproportionately Impacted)^			
<p>Project Name: <i>Aid for local nonprofit organizations</i></p>		CAO	\$ 1,080,000
<p>Project ID #: <i>2002</i></p>			
<p>Description: <i>Develop programs for local nonprofit organizations to assist those organizations in Tulare County which serve the community and which were impacted by the public health emergency by loss of revenue, increased costs, or the need to pay premium/retention pay to their essential workers. Additional community service projects may be approved on a case-by-case basis.</i></p>			
<p>Equity Measures: <i>Most of the organizations serve individuals, households, or communities which were disproportionately impacted by the pandemic, as demonstrated by QCT or eligibility for means-tested federal programs such as TANF, SNAP, or the Free or Reduced-Price Meal Program (FRMP). Community service projects will specifically target disproportionately impacted groups, and will be documented accordingly upon their approval.</i></p>			
<p>Performance Indicators: <i>No. of organizations funded, no. of residents served by those organizations & services provided. Community service projects will also measure number of disproportionately impacted individuals, households, or communities served.</i></p>			
<p>Project Status <i>Completed less than 50%.</i></p>			
<p>^ Serving disproportionately impacted communities: <i>Most of the organizations serve individuals, households, or communities which were disproportionately impacted by the pandemic, as demonstrated by QCT or eligibility for means-tested federal programs such as TANF, SNAP, or the Free or Reduced-Price Meal Program (FRMP). Community service projects will specifically target disproportionately impacted groups, and will be documented accordingly upon their approval.</i></p>			
2.35 Aid to Tourism, Travel, or Hospitality^			
<p>Project Name: <i>Assistance to Tourism</i></p>		CAO	\$ 500,000
<p>Project ID #: <i>2003</i></p>			
<p>Description: <i>Provide assistance to industries impacted by the public health emergency, that have not received other sources of pandemic relief. Project specifics to be determined at a later date.</i></p>			
<p>Equity Measures: <i>The project was designed to help businesses affected by the Covid-19 pandemic especially those hit hardest by the decrease in travel related spending. Businesses in the County are in the unincorporated areas which are considered to be disadvantaged communities in a high poverty area.</i></p>			
<p>Performance Indicators: <i>Funding would assist business with cost recovery and develop new marketing material to promote tourism to the County. This would lead to a boost in the local economy and an increase in travel related spending.</i> 2022 Updates: <i>Programs are anticipated to being in September of 2022</i></p>			
<p>Project Status <i>In Development</i></p>			
<p>^ Serving disproportionately impacted communities: <i>Businesses supported with these funds support underserved a of communities located in qualified census tracts. A boost to the local economy continues to sustain job stability and impacted communities: potential growth for residents in the unincorporated areas.</i></p>			
2.36 Aid to Other Impacted Industries^			
<p>Project Name: <i>Assistance to Library for Modified Services</i></p>		CAO	\$ 500,000
<p>Project ID #: <i>2004</i></p>			

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Description: <i>In response to the COVID-19 pandemic, the Tulare County Library modified its services for the health and safety of patrons. Staff time was redirected toward implementing new safety measures and services that were quickly adopted by patrons, including virtual and outdoor programs and curbside pick-up services. As a result, the Library experienced an increased need to support a broader menu of virtual, pick up, outreach, and in-person services during the recovery as we move toward full reopening. In addition to offering virtual and in-person service, there is growing demand for the Library's Pop Up Tulare County vehicle and outreach services as patrons in rural Tulare County are taking fewer trips into our more populated areas. For in-person programs, there is need for additional staff to offer multiple programs with smaller attendance and avoid overcrowding during popular events. The assistance provides this in two ways. The Library provides services for patrons seeking jobs, education, and lifelong learning. During the pandemic the demand for new and innovative services increased. Additional staff allows the Library to meet the ever growing need of our patrons during the recover as well as support the many programs and grants coming forward during this time. In addition, the assistance provides entry level clerical and public service jobs to our community, especially in rural areas, that provides the experience to open up future opportunities.</i></p>		
<p>Equity Measures: <i>Recruitment and placement of Extra Help Staff is with a focus on groups that are underserved, marginalized, and adversely affected by the pandemic and other community challenges. This is through inhouse, outreach, and virtual library services, programs, and special events offered due to increase staffing.</i></p>		
<p>Performance Indicators: <i>Recruit, hire, train, and assign Extra Help Library Assistants to support 17 library branches and the literacy center.</i> 2022 Update: <i>As of June 30, 2022 8 Extra Help hired with recruitment continuing into the Fiscal Year 2023.</i></p>		
<p>Project Status <i>Completed less than 50%</i></p>		
<p>^ Serving disproportionately impacted communities: <i>Impacted General Public, Impacted Industry (Library) outside the travel tourism or hospitality sectors that experienced a negative economic impact of the pandemic, and in addition library service impacts all disproportionately impacted communities in some degree due to our reach in the community.</i></p>		
<p>Project Name: <i>Assistance to Museums, Memorial Districts, and other CSDs</i></p>	CAO	\$ 224,719
<p>Project ID #: <i>2005</i></p>		
<p>Description: <i>Provide assistance to industries impacted by the public health emergency, that have not received other sources of pandemic relief.</i></p>		
<p>Equity Measures: <i>Equity measure: all arts organizations, community theaters, museums, community services districts, and memorial districts impacted by the public health emergency, that have not received other sources of pandemic relief, were eligible for funding. Outreach was conducted and information was distributed county-wide to ensure all eligible organizations, including those that serve marginalized and/or disadvantaged communities were aware of this funding opportunity. The organizations who received funding serve in the communities of Visalia, Tulare, Porterville, Dinuba, Exeter, Lindsay, Springville, Three Rivers, and Woodlake and provide services to disadvantaged communities and disproportionately impacted communities.</i></p>		
<p>Performance Indicators: <i>Performance measures included development of program, outreach, application screening, and award of funding.</i> 2022 Update: <i>Provided assistance to 11 organizations impacted by the public health emergency, that have not received other sources of pandemic relief. As of March 2022 a total of \$224,719 was distributed to these organizations.</i></p>		
<p>Project Status <i>Completed</i></p>		
<p>^ Serving disproportionately impacted communities: <i>This funding opportunity served organizations who provide services Impacted Households that experienced increased food or housing insecurity, and disproportionately impacted low income households and populations</i></p>		
3: Services to Disproportionately Impacted Communities		\$ 21,840,069
3.1 Public Sector Workforce: Payroll and Benefits for Public Health, Public Safety, or Human Services Workers		
<p>Project Name: <i>HHSA Payroll</i></p>	HHSA	\$ 1,485,513
<p>Project ID #: <i>1043</i></p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Description: Payroll for all four branches of the Health & Human Services Agency, each of which has had numerous staff take on additional COVID-related duties for which there is no other funding available to pay for their time in mitigating the spread of the disease through, among other activities, ordering & distribution of necessary supplies, contact tracing, testing, and serving at vaccination clinic Point of Distribution (POD) events.</p> <p>In addition, the onset of COVID-19 created circumstances in which Human Services staff have backlogs that must be addressed, as well as anticipated increased caseloads from eligibility determinations as people transition from emergency funded means-tested assistance programs to regular programs. Like Human Services, Fiscal Operations and Public Health also have backlogged workloads that must be addressed. Additionally, extra help/part time staff are needed especially during pandemic surge periods for various classifications including, nurses (all levels), as well as administrative and support staff. Extra help staff are also necessary at Point of Distribution (POD) vaccination clinics, testing events, contact tracing and supporting various administrative projects, particularly during pandemic surges.</p>		
<p>Equity Measures: Programs in HHSA provide safety net services and resources across the county, with a specific focus on equitable distribution of services</p>		
<p>Performance Indicators: Additional staff will be hired as extra help 2022 Update: The number of staff hired. HS: 4 extra help social workers to help reduce CWS case backlog, MH: 0; Fiscal: 0; Public Health: 10 extra help staff support vaccine, testing, lab operations, etc.</p>		
<p>Project Status Completed less than 50%</p>		
<p>Project Name: Payroll for OES Staff - EMPG Local Match</p>	HHSA	\$ 195,232
<p>Project ID #: 1044</p>		
<p>Description: This project will fund additional staffing in the Office of Emergency Services necessary to address the administrative backlog which has developed due to increasing frequency, severity, complexity, duration, and overlap of natural and man-made disasters within the County, and to respond accordingly. This was an identified deficiency during COVID-19 and the concurrent major disasters for wildfire, both of which were further complicated by excessive heat, power shortage / rolling blackouts, and excessive livestock mortality.</p>		
<p>Equity Measures: The Office of Emergency Services serves the entire County, which includes a significant number of disadvantaged communities and individuals. As these populations are more likely to live in disaster-prone areas, disadvantaged populations are the most likely beneficiaries.</p>		
<p>Performance Indicators: Emergency management staff will perform necessary duties in all-phase/all-hazard emergency management, which may include but is not limited to emergency preparedness (planning, training, exercise), emergency response (COVID-19, wildfire, drought, flooding, etc.), recovery (e.g. debris clean-up from DR-4558-CA), and mitigation (e.g. Local Hazard Mitigation Plan update). Indicators will include staff time dedicated to the above activities.</p>		
<p>Project Status Not Started</p>		
<p>Project Name: Payroll for Sheriff Staff</p>	TCSO	\$ 6,732,536
<p>Project ID #: 1045</p>		
<p>Description: To mitigate the effects of the COVID-19 public health emergency within Tulare County jail facilities, the Sheriff's Office has dedicated five of eight housing modules at its Pre-Trial Jail Facility. The designated housing modules are utilized strictly for COVID-19 observation, quarantine, and isolation. All arrests are housed in observation units for a minimum of 10 days before qualifying to go to regular housing.</p> <p>Any deemed outbreak within any designated module at the Pre-Trial Facility becomes locked down. Inmates are medically screened/assessed; COVID-19 tests are administered on days 0, 5, and 10. If no signs/symptoms are present and results are negative for COVID-19, the affected module is taken off quarantine status. Suspect Forms and Contact Tracing are completed by medical, HHSA, HR&D, and/or designated Infectious Control Officer within the Sheriff's Office. Free COVID-19 education (verbal, pamphlet, and video) and free COVID-19 vaccinations for inmates are offered during bookings and while housed within any Sheriff's Office jail facility. Mandatory Personal Protective Equipment (PPE) is issued and regularly replaced and enforced within all jail facilities.</p> <p>Trainings for all sworn staff with occasional repeat training as reminders to establish and/or any new State or County COVID-19 guidelines will be done regularly. Through the County Health Officer, Health & Human Services Agency, and jail medical provider, Wellpath, the Sheriff's Office created and will sustain best practice workflow charts for covid prevention amongst inmates, staff, and the public. All Sheriff's sworn staff working in these designated units or exposed to the COVID-19 virus, use a special assignment code (C19, C19B, C19R) on their timecards to track all Salary and Benefits costs associated with this project.</p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Equity Measures: <i>All arrests, regardless of race, ethnicity, age, religious background, gender, medical ailment, education level, mental health needs, or other beliefs are received, booked, and classified for housing in observation units for a minimum of 10 days before qualifying to go to appropriate regular housing within one of three Sheriff's Office jail facilities. Placecards are posted in various locations in each housing units/modules in both English and Spanish that explain the categories of observation, quarantine, and isolation.</i></p> <p><i>All arrests brought into a Tulare County jail facility are educated about the Covid-19 vaccination by contracted medical staff and are offered the vaccination(s) at no cost to the inmate. All inmates brought in are also educated about the covid testing methods and tested via Rapid and PCR tests at no cost. Any inmate who becomes released before receiving the 2nd dose of the covid vaccination is provided a written referral.</i></p> <p><i>This project primarily serves disadvantaged and low-income communities throughout Tulare County. The County comprises approximately 34 towns and cities, of which 17 are in a qualified census tract. All arrests within Tulare County, regardless of where they are from or what community they are from, are tested for Covid-19, educated on Covid-19, offered the Covid-19 vaccination regiment, and housed in observation units for a minimum of 10 days before qualifying to go to regular housing. Inmates are not charged for any medical or mental health services or referrals.</i></p>		
<p>Performance Indicators: <i>A Dashboard has been created and is sustained with daily statistics for any administered covid tests (positive, negative, or recovered) and for any covid vaccinations (1st dose, 2nd dose, refusals, or released prior to 2nd dose). The Dashboard also maintains any current numbers for those inmates who are in isolation, quarantine and/or positive. It is estimated that 4,500 inmates are booked into a Tulare County jail every three months or quarter. Through this project, the Sheriff's Office strives to have 100% adherence of all booking into a county jail facility screened through the observation/quarantine protocol.</i></p> <p>2022 Update: <i>Results through June 20, 2022:</i> <u>Vaccination and Testing totals for Sta+S212ff:</u> <i>Totals through June 20,2022:</i> <i>vaccines provided: 204</i> <i>First Dose: 137</i> <i>Second Dose: 86</i> <i>Third Dose/Booster: 12</i> <i>Secondary Refusal: 44</i> <u>Administered Covid tests:</u> <i>Tested: 10,025</i> <i>Confirmed positive: 114</i></p>		
<p>Project Status <i>Completed less than 50%</i></p>		
<p>^ Serving disproportionately impacted communities: <i>This project primarily serves disadvantaged and low-income communities throughout Tulare County. The County comprises approximately 34 towns and cities, of which 17 are in a qualified census tract. All arrests within Tulare County, regardless of where they are from or what community they are from, are tested for Covid-19, educated on Covid-19, offered the Covid-19 vaccination regiment, and housed in observation units for a minimum of 14 days before qualifying to go to regular housing. Inmates are not charged for any medical or mental health services or referrals.</i></p> <p><i>Populations served:</i> <i>Impacted General Public</i> <i>Disproportionately Impacted Households and populations residing in Qualified Census Tracts</i></p>		
<p>Project Name: <i>Payroll for Fire Staff</i></p>	FIRE	\$ 13,426,788
<p>Project ID #: <i>1046</i></p>		
<p>Description: <i>Tulare County Fire Department (TCFD) provides emergency response service to underserved communities in need of medical aid attention while using universal precautions. TCFD has implemented operational strategies in mitigating COVID-19 exposure and the spread of the virus. The Department has purchased essential Personal Protective Equipment (PPE) and initiated decontamination procedures designed to keep employees and the community safe. When COVID-19 was declared a national pandemic during March 2020, the Department immediately adhered and continues to adhere to strict protocols as outlined by the Central California Emergency Medical Services Agency, FIRESCOPE, and the Centers for Disease Control. Utilizing Designated Infection Control Officers as the primary point, the Department implemented internal protocols to ensure the continuation of emergency services to the community. These protocols continue to be in place and include operational area coordination of PPE and decontamination procedures, daily employee self-health screenings, improved air filtration during oxygen therapy on emergency scenes, and Individual employee Personal Isolation Kits. Fire Dispatch has implemented caller queries for sick persons. Information gathered during a dispatched call is placed in the CAD comments and firefighters are asked to use universal precautions, including wearing N95 masks, gowns, gloves, and other PPE as needed when responding.</i></p>

	Dept	Total Project Cost
<p>Equity Measures: <i>Tulare County Fire serves over 20 disadvantaged and low-income communities. As frontline professionals, Tulare County firefighters continue working through the COVID-19 pandemic to provide services and keep the community safe, regardless of race, ethnicity, age, religious background, gender, medical ailment, education level, mental health needs, or other beliefs. Additionally, Department EMTs have assisted with vaccination efforts and hosted vaccination clinics at various fire stations to reach all surrounding disadvantaged communities.</i></p> <p>2022 Update: <i>Additionally, the fire department distributed approximately 10,000 COVID-19 Self-testing Kits, including at disadvantage communities, and collaborated with Tulare County Health and Human Services agency so that fire stations have become local community testing facilities and locations where self-administered tests can be obtained.</i></p>		
<p>Performance Indicators: <i>The Tulare County Fire Department serves a population of more than 460,000. Between December 2020 and June 2021, the Department responded to 5,100 medical aid calls for service. It is anticipated the Department will respond to approximately 12,000 medical calls for service by the end of 2021. The Department will maintain 100% adherence to protocols as outlined by the Central California Emergency Medical Services Agency, FIRESCOPE, and the Centers for Disease Control while responding to medical aid calls for service.</i></p> <p>2022 Update: <i>The Tulare County Fire Department serves a population of more than 460,000. Between July 1, 2021, and June 30, 2022, the Department responded to 10,216 medical aid calls for service. It is anticipated the Department will respond to approximately 14,000 calls for service by the end of 2022. The Department will maintain 100% adherence to protocols as outlined by the Central California Emergency Medical Services Agency, FIRESCOPE, and the Centers for Disease Control while responding to medical aid calls for service.</i></p>		
<p>Project Status <i>Completed 50% or more</i></p>

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
<p>Description: 1) This project provides much needed wastewater effluent capacity to the community of Ivanhoe. The District is currently under restrictions to discharge the effluent from its wastewater treatment plant. The Proposed Project consists of the completion of bidding, award, construction and placing on-line a new treated effluent storage facility complete with interconnecting piping and pumps to pump treated effluent into storage and to discharge treated effluent to the pasture areas. 2) This Project will take approximately 18 months to complete, once funded. 3) This is a wastewater infrastructure construction project that will be contracted to an appropriate contractor. 4) The Project would provide groundwater quality protection as it will allow the District to meet the Waste Discharge Requirements by reducing the nitrate load.</p>		
<p>Equity Measures: Ivanhoe is a Severely Disadvantaged Community with approximately 4,495 people. As established by the State under section 1452(d)(3) of the Safe Drinking Water Act, the community Median Household Income is < 80% MHI.</p>		
<p>Performance Indicators: There are two project partners- The County and Ivanhoe PUD. The Project will meet its goal when the District meets the Waste Discharge Requirements.</p>		
<p>Project Status Not started</p>		
<p>Project Name: Tipton CSD - Wastewater Treatment Plant Improvements</p>	WATER	\$ 296,000
<p>Project ID #: 5002</p>		
<p>Description: 1) This project provides upgrades to the wastewater treatment facility to address a Compliance Order and worker safety. The Project will install a flow meter to satisfy the Compliance Order and a connection to the District's water main to provide potable water at the facility to address worker safety. 2) This Project will take approximately 12 months to complete, once funded. 3) This is a wastewater and water infrastructure construction project that will be contracted to an appropriate contractor. 4) The Project would provide groundwater quality protection as it will allow the District to meet the Waste Discharge Requirements by monitoring its flow.</p>		
<p>Equity Measures: Ivanhoe is a Severely Disadvantaged Community with approximately 4,495 people.</p>		
<p>Performance Indicators: There are two project partners- The County and Ivanhoe PUD. The Project will meet its goal when the District meets the Waste Discharge Requirements.</p>		
<p>Project Status Not started</p>		
<p>5.2 Clean Water: Centralized Wastewater Collection and Conveyance</p>		
<p>Project Name: Earlimart PUD Sewer - Interceptor & Relief Sewer Project</p>	WATER	\$ 1,600,000
<p>Project ID #: 5003</p>		
<p>Description: 1) This project provides much needed wastewater collection capacity to the community of Earlimart. The District operates and maintains the wastewater collection, treatment and disposal facilities that serve the unincorporated community of Earlimart. The District is divided by Highway 99, which poses a number of unique sewer utility service issues. The largest portion of the District lies to the east of Highway 99. This Project will construct a new larger interceptor and Improvements to the collection system that will lead to correction of flow problems due to the existing pipeline configuration. 2) This Project will take approximately 18 months to complete once funded 3) This is a wastewater infrastructure construction project that will be contracted to an appropriate contractor. 4) Address the 60-year age issue of the existing sewer interceptor pipeline and the full flow issues related to the existing interceptor. It is also to provide additional wastewater collection capacity to address the existing waiting list and the capability to address the acute need for housing. Housing starts are at a halt due to the impacts of the sewer connection moratorium. The project also received funding through the 2022 Federal Budget Community Project Earmark process. US EPA is developing contracting protocols for this project. Once EPA issues a contract, this project will be further amended to reflect the appropriate funding gap remaining.</p>		
<p>Equity Measures: Earlimart is a Severely Disadvantaged Community with approximately 8,800 people. The community is 91.4 percent Hispanic/Latino and 40 percent are under the age of 18. The community currently has a moratorium for new sewer connections, due to a lack of collection capacity. As established by the State under section 1452(d)(3) of the Safe Drinking Water Act, the community Median Household Income is < 80% MHI.</p>		
<p>Performance Indicators: There are two project partners- The County and Earlimart PUD. The Project will meet its goal when the Front Street Well produces water that meets drinking water quality standards.</p>		
<p>Project Status Not started</p>		
<p>5.11 Drinking water: Transmission & Distribution</p>		
<p>Project Name: Tipton CSD - North Burnett Rd Water Line Replacement</p>	WATER	\$ 500,000
<p>Project ID #: 5004</p>		

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
Description: 1) The project provides much needed permanent pipeline to a portion of the community of Tipton. The Tipton Community Services District (District) provides water and sewer services for the unincorporated community of Tipton. The District has approximately 601 connections, serving 1,792 people. The District's water system currently has a temporary pipeline serving eleven homes on North Burnett Road. The temporary pipeline impairs the water system's ability to deliver adequate water to those residents 2) This Project will take approximately six months to complete 3) This is a drinking water infrastructure project that will be contracted to a qualified contractor. 4) Provide safe drinking water to homes currently being served by a temporary pipeline. This project will receive funding from the SWRCB. The contract with the State is under negotiation. Once that contract is finalized this project will be amended to reflect the appropriate funding gap needed.		
Equity Measures: Tipton is a severely disadvantaged community and this Projects serves eleven residences that cannot afford to replace the temporary pipeline. As established by the State under section 1452(d)(3) of the Safe Drinking Water Act, the community Median Household Income is < 80% MHI.		
Performance Indicators: There are two project partners- The County and Tipton CSD. The Project will meet its goal when the residents on North Burnet Road receive water that meets drinking water quality standards.		
Project Status Design Engineering and CEQA Complete.		
Project Name: Ave 264 Water Main Extension	WATER	\$ 500,000
Project ID #: 5005		
Description: 1) The project provides water supply from Cal Water to approximately 30 homes on private domestic wells. This area has longstanding issues with well failures due to drought conditions. Cal Water has agreed to extend their water main across State Route 63 to provide safe and reliable drinking water for the community 2) This Project will take approximately six months to complete 3) This is a drinking water infrastructure project that will be contracted to a qualified contractor. 4) Provide safe drinking water to homes currently being served by a failing private domestic wells.		
Equity Measures: The residents served are disadvantaged.		
Performance Indicators: There are two project partners- The County and Cal Water. The Project will meet its goal when the residents receive water that meets drinking water quality standards.		
Project Status Not started		
Project Name: Pixley PUD - Water Main Extension	WATER	\$ 2,000,000
Project ID #: 5006		
Description: 1) The project provides a water main improvement and extension to provide safe reliable drinking water for residents served by the Pixley PUD. Improvements include a larger water main crossing State Route 99, new connection in the community to cure a dead-end line, and improved fire flow capacity. 2) This Project will take approximately 18 months to complete 3) This is a drinking water infrastructure project that will be contracted to a qualified contractor. 4) Provide safe and reliable drinking water to homes currently being served by a temporary pipeline.		
Equity Measures: Pixley is a severely disadvantaged community.		
Performance Indicators: There are two project partners- The County and Pixley PUD. The Project will meet its goal when the residents receive water that meets drinking water quality standards.		
Project Status Not started		
5.13 Drinking water: Source		
Project Name: Capital Project - Cal Water Connection	GSA	\$ 1,000,000
Project ID #: 5007		
Description: Project: Connect Civic Center Campus to California Water Service (Cal Water). Project timeline: Connect to Cal Water by June 30, 2023. Intended outcomes: The Civic Center Campus is comprised of multiple County facilities providing key services to the public including the Visalia Courthouse, Human Resources and Development, County Counsel, the General Services Agency, the County Administrative Office, and Board of Supervisors. The campus is currently provided potable water through Public Water System (PWS) ID CA5401039. This small system is maintained and operated by County Facilities Staff and is nearing the end of its serviceable life. In the last several years, it has experienced repeated well failures which resulted in facility closures and the inability to provide critical services to the public. By connecting to Cal Water, the County will remediate failing and inadequate potable water infrastructure and maintain continuity of services to the public.		
Equity Measures: The Civic Center Campus includes multiple facilities housing 704 employees providing services to hundreds of Tulare County residents on a daily basis. Over 25% of intended beneficiaries that receive services at these locations are below the federal poverty line.		
Performance Indicators: Connect the Civic Center Campus to California Water Service (Cal Water).		
Project Status Less than 50% completed		
Project Name: Poplar CSD - Well Replacement	WATER	\$ 499,000

Attachment B - Project Inventory & Performance

^ Must report on whether projects are primarily serving disproportionately impacted communities:

* Amount of total funds allocated to evidence-based interventions:

	Dept	Total Project Cost
Project ID #: 5008		
Description: 1) The Poplar Community Services District provides water service to the community of Poplar. The District's wells are over forty years old and need to be replaced with a reliable water source. The Project will provide a new well for the community. The District received a grant from USDA Rural Development, but needs the identified funding for fully complete the Project. 2) This Project will take approximately 20 months to complete. 3) This is a drinking water infrastructure project that will be contracted to a qualified contractor. 4) Provide safe drinking water to the community. The community secured a bridge loan from USDA to fill the funding gap. ARPA funds cannot be used for debt service or non-federal match. This project may have additional funding need above and beyond the two USDA funding sources. Funding need will be monitored and the project will be amended to reflect the new need.		
Equity Measures: As established by the State under section 1452(d)(3) of the Safe Drinking Water Act, the community Median Household Income is < 80% MHI.		
Performance Indicators: Provide safe drinking water to the community.		
Project Status Not started		
Project Name: Earlimart PUD - Front Street Well	WATER	\$ 1,450,000
Project ID #: 5009		
Description: 1) The project provides a water main improvement and extension to provide safe reliable drinking water for residents served by the Pixley PUD. Improvements include a larger water main crossing State Route 99, new connection in the community to cure a dead-end line, and improved fire flow capacity. 2) This Project will take approximately 18 months to complete 3) This is a drinking water infrastructure project that will be contracted to a qualified contractor. 4) Provide safe and reliable drinking water to homes currently being served by a temporary pipeline. The project also received funding through the 2022 Federal Budget Community Project Earmark process. US EPA is developing contracting protocols for this project. Equity Measures: Earlimart is a Severely Disadvantaged Community with approximately 8,800 people. The community is 91.4 percent Hispanic/Latino and 40 percent are under the age of 18.		
Performance Indicators: There are two project partners- The County and Earlimart PUD. The Project will meet its goal when the Front Street Well produces water that meets drinking water quality standards.		
Project Status Not started		
Project Name: Tipton CSD - Well No. 6	WATER	\$ 1,700,000
Project ID #: 5010		
Description: 1) This project provides much needed water quality security to the community of Tipton. The District's oldest well is 62 years old, the second-oldest well is under a State compliance order due to high nitrate, and the newest well has arsenic concentrations above the Maximum Contaminant Level (MCL). The loss of a well either temporarily or for a longer period of time due to repairs or normal maintenance, results in the entire community being served by severely curtailed water supply capacity and risk of bacteriological contamination. The Proposed Project consists of the drilling of a new production well for the District. The Proposed Project will include the drilling of a test well to facilitate final design of the production well features. 2) This Project can be completed in approximately 18 months once funded. 3) This is a water infrastructure construction project contracted to an appropriate contractor. 4) This project will provide reliable access to safe drinking water for the community of Tipton		
Equity Measures: The District has approximately 601 connections, serving 1,792 people. The community is a severely disadvantaged community. As established by the State under section 1452(d)(3) of the Safe Drinking Water Act, the community Median Household Income is < 80% MHI.		
Performance Indicators: There are two project partners- The County and Tipton CSD. The Project will meet its goal when the District can consistently deliver water that meets drinking water quality standards.		
Project Status Not started		
Project Name: Cutler PUD - Well No. 10	WATER	\$ 700,000
Project ID #: 5011		
Description: 1) The proposed Project consists of completing the Well No. 10 Project, consisting of securing and installing a deep well turbine pump, motor, appurtenant electrical service, booster pumps, a building housing the electrical power generator set and automatic transfer switch, electrical service and power distribution equipment, and on-site features including surfacing and fencing. 2)The Project can completed in approximately 9 months, once funded. 3) This is a water infrastructure construction project that will be contracted to an appropriate contractor. 4)This Project will assist the District in providing adequate drinking water that meets both quantity and quality standards.		
Equity Measures: Cutler is a Severely Disadvantaged Community, with a Median Household Income of only \$29,655. The Cutler Public Utility District (District) has approximately 1,218 connections, serving 6,200 people.

Project Name: Richgrove Radio Tower	TCiCT	\$ 300,000
Project ID #: 1020		
Description: 1) Description: The implementation will allow for improved communications for all of the Tulare County emergency services. Installation will add to the public safety, including in remote communities. 2) Timeline: > 1 year 3) Delivery Mechanism: tbd		
Equity Measures: Effort will aid in Tulare Country's ability to respond to emergency situations throughout the county including in remote communities.		
Performance Indicators: 4) Intended Outcomes: Tower will provide communication services for all of Tulare County emergency services		
Project Status Completed less than 50%		
Project Name: Tipton Radio Tower	TCiCT	\$ 300,000
Project ID #: 1021		
Description: 1) Description: The implementation will allow for improved communications for all of the Tulare County emergency services. Installation will add to the public safety, including in remote communities. 2) Timeline: > 1 year 3) Delivery Mechanism: tbd		
Equity Measures: Effort will aid in Tulare Country's ability to respond to emergency situations throughout the county including in remote communities.		
Performance Indicators: 4) Intended Outcomes: Tower will provide communication services for all of Tulare County emergency services		
Project Status Completed less than 50%		
Project Name: Traver Radio Tower	TCiCT	\$ 300,000
Project ID #: 1022		
Description: 1) Description: The implementation will allow for improved communications for all of the Tulare County emergency services. Installation will add to the public safety, including in remote communities. 2) Timeline: > 1 year 3) Delivery Mechanism: tbd		
Equity Measures: Describe how the project was designed with equity in mind. How does the project focus on underserved or disadvantaged groups? How will the project ensure accessibility and awareness of the services provided?		
Performance Indicators: 4) Intended Outcomes: Tower will provide communication services for all of Tulare County emergency services		
Project Status Completed less than 50%		
Project Name: Replace MTR2000/Repeaters	TCiCT	\$ 40,000
Project ID #: 1023		
Description: 1) Description: Replace MTR2000/Repeaters; If not replaced we risk equipment failure and end of life equipment. Needed to Improve Public Safety Communications 2) Timeline: June 2022 3) Delivery Mechanism: Installation		
Equity Measures: Effort will aid in Tulare Country's ability to respond to emergency situations throughout the county including remote communities.		
Performance Indicators: To acquire and install 100% of the MTR200/Repeaters. 2022 Update: Acquired and installed 100% of the MTR2000/Repeaters.		
Project Status Completed

	Dept	Total Project Cost
Project Name: <i>Handheld Radios (10)</i>	TCiCT	\$ 25,000
Project ID #: 1024		
Description: <i>1) Description: Handheld Radios (10). Individual Radios for staff to keep social distancing and avoid touching common equipment. 2) Timeline: Acquisition by June 30, 2023 3) Delivery Mechanism: tbd</i>		
Equity Measures: <i>Effort will aid in Tulare County's ability to respond to emergency situations throughout the county including remote communities.</i>		
Performance Indicators: <i>Acquisition of 100% of the ten (10) radios.</i>		
Project Status <i>Less than 50% completed</i>		
Project Name: <i>Bartlett Park</i>	GSA	\$ 1,553,200
Project ID #: 1034		
Description: <i>Project: Drill new water well, replace irrigation, and repair arbors. Replace arbors and picnic tables. Project Timeline: Repair arbors, and replace arbors and picnic table by June 30, 2022. Drill new water well and replace irrigation by June 30, 2023. Intended Outcomes: Addressing health disparities and the social determinants of health, building stronger neighborhoods and communities, and promoting healthy childhood environments by improving the park. The Park does not currently have potable water. Drilling a new well will allow patrons to have access to drinking water and water for hand washing. The Park provides space and amenities for play and exercise for the Porterville community. Additionally, the park is used for social gatherings which will assist in bringing the community back together as recovery efforts begin for the COVID-19 pandemic. Outdoor space and socialization can also assist in improving psychological health. An article published in the February 2019 issue of the International Journal of Environmental Research and Public Health states, "The presence of urban green spaces can encourage positive social interactions that cultivate social cohesion in ways that enhance health and well-being. Urban green spaces have also been linked to positive health behaviors and outcomes including increased physical activity and social engagement" (Jennings & Bamkole, 2019). Jennings, V., & Bamkole, O. (2019). The Relationship between Social Cohesion and Urban Green Space: An Avenue for Health Promotion. International Journal of Environmental Research and Public Health, 16(3), 452. doi:10.3390/ijerph16030452</i>		
Equity Measures: <i>Bartlett Park is located east of the City of Porterville which has a population of 59,427 and north of the Tule River Indian Reservation which has a population of 1,168. A large section of Porterville is a Qualified Census Tract. According to The U.S. Census Bureau, the median household income of Tule River Reservation and Off-Reservation Trust Land is \$35,536. Additionally, Tulare County has high rates of poverty, obesity, and food insecurity (University of CA, Cal Fresh Healthy Living). By improving the Park, it gives greater opportunity for residents to exercise, children to play, and family and friends to gather. Residents will be made aware of any modifications to the park via social media and through partner collaborations working in the community. Demographics of Porterville: 47.75% Hispanic White, 25.64% non-Hispanic White, 15.72% Other race, .63% Black or African American, 1.09% Native American, 3.76% identify as two or more races, 5.02% Asian, and .40% Native Hawaiian and Other Pacific Islander.</i>		
Performance Indicators: <i>Compare arbor reservations and entrance fees received pre and post improvements.</i>		
Project Status <i>Less than 50% completed</i>		
Project Name: <i>Cutler Park</i>	GSA	\$ 2,523,100
Project ID #: 1035

	Dept	Total Project Cost
<p>Description: <i>Project: Replace irrigation, paving, electrical, arbors, picnic tables, and grills, repair arbors, remove stumps, address gopher damage, clean up brush pile, and restore potable water. Project timeline: Anticipated start date for replacing irrigation, replacing electrical, paving, arbors, picnic tables, and grills, repair arbors, remove stumps, address gopher damage, clean up brush pile, and restore potable water will be September 2, 2022 and the entire project will be completed by June 30, 2023. Intended Outcomes: Addressing health disparities and the social determinants of health, building stronger neighborhoods and communities, and promoting healthy childhood environments by improving the park. The Park does not currently have potable water. Installing a new backflow device will allow patrons to have access to clean drinking water. Additionally, the park is used for social gatherings which will assist in bringing the community back together as recovery efforts begin for the COVID-19 pandemic. Outdoor space and socialization can also assist in improving psychological health. An article published in the February 2019 issue of the International Journal of Environmental Research and Public Health states, "The presence of urban green spaces can encourage positive social interactions that cultivate social cohesion in ways that enhance health and well-being. <p>Equity Measures: <i>Cutler Park is located on the northeast side of Visalia which has a population of 134,605. The Park provides space and amenities for play and exercise for the residents of Visalia and many rural communities in the surrounding area. Cutler Park is next to the St John's River. Residents utilize the Park for gatherings and to cool off in the river water. A large section of Visalia, west of the Park, is a Qualified Census Tract. By improving the Park, it gives greater opportunity to residents to exercise, children to play, and family and friends to gather. Tulare County has high rates of poverty, overweight/obesity, and food insecurity. (University of CA, Cal Fresh Healthy Living) By improving the park, residents will have a place to go for activity and exercise to attempt to offset poor health outcomes. Over 25% of intended beneficiaries are below the federal poverty line. Residents will be made aware of any modifications to the park via social media and through partner collaborations working in the community. Demographics of Visalia: 32.21% Hispanic White, 38.41% non-Hispanic White, 15.66% Other race, 2.26% Black or African American, 1.09% Native American, 4.20% identify as two or more races, 6.09% Asian, and .09% Native Hawaiian and Other Pacific Islander</i></p>		
<p>Performance Indicators: <i>Compare arbor reservations and entrance fees received pre and post improvements.</i></p>		
<p>Project Status <i>Not started</i></p>		
<p>Project Name: <i>Kings River Park</i></p>	GSA	\$ 109,600
<p>Project ID #: <i>1037</i></p>		
<p>Description: <i>Project: Pave new drive entrance and parking lot, install signage, build arbor and install picnic tables. Project timeline: This project will start November 2022. Will include building an arbor and installing picnic tables by June 30, 2023. Pave new drive entrance and parking lot, and install signage by June 30, 2023. Intended Outcomes: Addressing health disparities and the social determinants of health, building stronger neighborhoods and communities, and promoting healthy childhood environments by improving the park. The park is used for social gatherings which will assist in bringing the community back together as recovery efforts begin for the COVID-19 pandemic. <p>Equity Measures: <i>Woodville is a rural disadvantaged community with limited access to services which has a population of 1,763. The average household income is \$41,676 with a poverty rate of 39.85%. By improving the Park, it gives greater opportunity for residents to exercise, children to play, and family and friends to gather. Residents will be made aware of any modification to the park via social media and through partner collaborations working in the community. Demographics of Woodville: 77.54% Hispanic White, 6.29% non-Hispanic White, 11.12% Other race, 1.36% Native American, 3.29% identify as two or more races, and .40% Asian. Although Woodville is not in a Qualified Census Tract, the population of 1,245, within half a mile of the Park is disadvantaged. The median household income for this area is \$29,052. Additionally, Tulare County has high rates of poverty, obesity, and food insecurity (University of CA, Cal Fresh Healthy Living). By improving the park, residents will have a place to go for activity and exercise to attempt to offset poor health outcomes. Over 25% of intended beneficiaries are below the federal poverty line.</i></p>		
<p>Performance Indicators: <i>Compare arbor reservations pre and post improvements.</i></p>		
<p>Project Status <i>Less than 50% completed</i></p>		
<p>Project Name: ASSESSOR - Electronic Records - Property Folders - Scanning Project</p>	TCiCT	\$ 500,000
<p>Project ID #: 1048</p>		
<p>Description: 1) Description / Major Project activities: <i>Document Imaging and Electronic Records involves physical paper content capture into an electronic format, indexing it according to record type and importing to a custom-designed electronic records archive.</i> 2) Project Timeline: <i>less than a year from project start</i> 3) Delivery mechanisms: <i>Assessor and County ICT will provide project management; 3rd party contractors to perform document imaging and design of capture system and updates to ERM archive.</i></p>		
<p>Equity Measures: <i>Electronic records help support services to all constituents over the phone or computer without traveling distances to the office, which could be a lengthy trip for those who reside in our rural disadvantaged communities. Electronic records systems that allow staff to work remotely also reduce the impact on our local air quality. The Assessor supports business and community development operations and ongoing County revenues through their work. In particular, the Assessor is making available re-assessments for business property losses tied to COVID-19.</i></p>		
<p>Performance Indicators: <i>Intended outcomes:</i> <ul style="list-style-type: none"> - <i>Having the Assessor's paper records digitized would help provide property information to taxpayers requesting information quicker. The public often has a need to access Assesses records when purchasing properties. The Assessor should aim to not cause any unnecessary delays in real estate transactions to keep the market robust.</i> - <i>If employees are sent home related to the COVID-19 Pandemic & do not have access to file records, they are unable to process exemptions without a delay in services. These various exemptions save taxpayers money & are vital to economic recovery.</i> - <i>Digitized records would allow staff to process deeds from home in the event of an office closure. This would allow the appraisal process to occur in a timely manner resulting in the issuance & collection of supplemental taxes to bring in revenues to the County.</i> </p>		
<p>Project Status <i>Not started</i></p>
