If an account has been created in your name you may want to redirect or diversify those investments prior to making a withdrawal request. If you initiate a fund transfer during the administrative review period, it may delay the processing of your withdrawal. ### The Death Benefit Claim Request

#### **Before completing the form, please note the following information:**

- All pages of the Death Benefit Claim Request form ("Form") must be returned.
- Neither this Guide nor this Form are intended to provide tax or legal advice. Claimant is strongly urged to consult an accountant and/or tax advisor prior to completing this Form.
- Service Provider cannot release the claim until the Authorized Plan Administrator confirms that Claimant is a named beneficiary under the Plan and is otherwise entitled to assert a claim.
- **The attached original or certified copy of the death certificate must be the final issued and cannot be pending the manner of death. Failure to provide the final issued death certificate will result in a significant delay in the Claimant's request.**
- **If there is more than one account or plan number for the decedent, Claimant must complete a separate Form for each account or plan number.**

#### **Changes to My Request**

- If Claimant makes a change to this Form as he or she completes it, Claimant must cross out any previously elected choice(s) and initial all changes. If Claimant does not initial all changes, this Form may be returned to Claimant for verification.

#### **Incomplete or Inaccurate Information**

- In the event that any section of this Form is incomplete or inaccurate, Service Provider may not be able to process the transaction requested on this Form. Claimant may be required to complete a new form or provide additional or proper information before the transaction will be processed.

### Section A: What is the Decedent's information?

- All information in this section must be completed.
- Personal information will be kept confidential.
- The name provided MUST match the name on file with Service Provider.
- If Claimant is a Non-Resident Alien, refer to the 'Non-Resident Alien or Other Certification' section of this Guide.

### Section B: Who is the Claimant?

- All information in this section must be completed in order for the claim to be properly filed and tax reported, including the Representative information, if Claimant is a minor, trust, estate, charity or organization. If Claimant is not a minor, trust, estate, charity or organization, the Representative information may be left blank.
- All personal information will be kept confidential.
- If Claimant is someone other than an individual, additional documentation must be attached. If appropriate documentation is not submitted, Service Provider may be unable to process this form.
- Claimant should obtain and submit appropriate documentation to Service Provider on a timely basis to avoid penalties and taxes.
- If Claimant is a U.S. Non-Resident Alien, refer to the 'Non-Resident Alien or Other Certification' section of this Guide.
- A Claimant is subject to required minimum distribution rules and may be required to start taking a distribution from this account as early as December 31st of the year following the year of the participant's death. Claimant is strongly urged to consult his or her tax advisor for more information and to discuss the options available.

#### **Minor Representative Information**

- This information is required if Claimant is a minor.
- All correspondence and claims will be addressed to the minor's representative for the benefit of the Claimant.
- Payments may be made to a guardian of a minor's estate or a conservator who has been appointed as such for the minor by final judicial order.
- A copy of the court order must be submitted to the Plan Administrator and forwarded to Service Provider with the completed Form.
- Under the Uniform Transfers to Minors Act ("UTMA"), if a guardian or conservator has not been appointed by an appropriate court, certain states allow funds to be transferred to a custodian for the minor who is an adult member of the minor's family. In general, transfers under this law may not be made if a state has not adopted it, or the proceeds exceed a specified dollar amount under the state's statutory law. Unless a state law in the minor's state of residence specifically authorizes payment, a proper court order authorizing payment has been obtained or the Plan Document allows for payment, payments cannot be made to a person solely because he/she is the parent of or has custody of the minor.
- It is the Minor Representative's responsibility to determine whether and to what extent the UTMA has been adopted in the Minor's state of residence. All states except South Carolina and Vermont have adopted UTMA law.
- If Service Provider is unable to make payment because a guardian or conservator has not been appointed by final judicial order, or a state law where the minor resides or the Plan Document does not authorize payment to a custodian or other person, the proceeds must remain in the decedent's account until the minor reaches the age of majority for their state of residence.
- A minor Claimant is still subject to the required minimum distribution rules and may be required to start taking a distribution from this account as early as December 31st of the year following the year of the participant's death. Claimant is strongly urged to consult his or her tax advisor for more information and to discuss the options available.

#### **Estate Claimant Information**

- Payments may be made to a personal representative appointed by an appropriate final judicial order.
- Claimant must attach a copy of the Letters of Administration or Letters Testamentary.
- Personal representatives must provide an employer identification number ("EIN") or taxpayer identification number ("TIN") for the decedent's estate. See Employer Identification Number or U.S. Taxpayer Identification Number Information below.
- If a personal representative has not been appointed by an appropriate court because the value of the estate is small, certain states will allow certain successors of the decedent to submit a small estate affidavit allowing them to receive payment. In such cases, only one affidavit containing the notarized signatures of all successors should be submitted to Service Provider.

#### **Trust**

- Claimant **must** attach first page, signature and certification page and page designating trustee(s) from the Trust document.
- Claimant **must** also attach Trustee Acceptance of Appointment document signed by the current trustee(s).

#### **Charity/Organization**

- Claimant must make an election in order for the claim to be processed.
- It is Claimant's responsibility to ensure that the election meets the requirements of the Code and applicable federal Treasury regulations.
- Once Service Provider has processed a withdrawal, it cannot be returned.
- Certain fees, charges (including contingent deferred sales charge) and/or limitations may apply.
- The following is a brief explanation of each type of withdrawal listed on this Form.

### Establish an Account for the Claimant's Benefit

- Claimant can elect to leave the funds in the Plan until distributions are required.
- By selecting to establish an account, Claimant understands that a record keeping account will be set up under the Claimant's name and social security number or EIN/TIN.
- All existing monies will remain in the same investment option(s) in effect on the date of the decedent's death.
- Claimant will have the option of transferring the monies to other investment options by visiting the website at [empowermyretirement.com](http://empowermyretirement.com) or by calling the Voice Response System at 1-800-701-8255.

### Payable to Me Claimant's Share

- Check this box if Claimant wants a full withdrawal of his or her share of the account.
- The full vested value of each investment option will be distributed based on the instructions on the Form.

### Periodic Installment Payments

- If Claimant is requesting to establish a new periodic installment payment, Claimant would check the box before "Claimant is requesting to establish a new Periodic Installment Payment." See [Periodic Installment Payment Options](#) below for explanation of the options available.
- If Claimant is requesting to establish a new periodic installment payment but would also like to take a one-time partial withdrawal, Claimant would check the box before "Claimant is also requesting a one-time withdrawal..." and enter the dollar amount or percentage on the line provided. See [Periodic Installment Payment Options](#) below for explanation of the options available.

#### Periodic Installment Payment Options

##### Frequency

- Claimant must select the frequency of the payment from the available options, not to exceed Life Expectancy.

##### Payment Type

###### Amount Certain (*Gross Amount Only*)

- Claimant would select this option if he or she wishes to receive specific dollar amount payments on an installment basis.
- The payments will continue until the account balance is zero.
- The number of payments Claimant receives will vary depending on the performance of the underlying investment options.

###### Period Certain (*Specific Number of Years*)

- Claimant would select this option if he or she wishes to receive a set number of periodic installment payments.
- Payment amounts will depend on the account value, which may fluctuate depending upon the chosen investments' performance, the number of years elected to receive payments and the frequency chosen.
- The payment amount will be calculated by dividing the current account balance by the number of remaining payments and is recalculated each time a payment is distributed; therefore, the amount of each payment typically differs. For example, if the payout is to be annually for 4 years, the initial payout amount will be equal to  $\frac{1}{4}$  of the account balance. The second payment will be  $\frac{1}{3}$  of the balance. The third payment will be  $\frac{1}{2}$  and the final payment will be the remainder of the account balance, resulting in a zero account balance.

### Required Minimum Distribution

- For a one-time payment, Claimant should enter a dollar amount on the line provided.
- If Claimant wants to elect automated Required Minimum Distribution payments, complete and attach the Automated Minimum Distribution Request form.

Claimant is strongly urged to seek a consultation with a tax advisor.
- Claimant must complete the Required Minimum Distribution information if he or she is requesting a full withdrawal as a direct rollover and the minimum distribution requirements for the current year have not been met.
- Required Minimum Distributions are not eligible for rollover.

Making an estimated tax payment to the IRS and an appropriate state authority at the time of this rollover may be one of the options to cover this tax liability. Claimant is strongly urged to seek a consultation with a tax advisor.
- If an acceptance letter is included with this Form, the rollover may not be completed if the acceptance letter and the form provide conflicting information. Claimant may be contacted to provide additional information.
- Claimant must complete the Required Minimum Distribution information if he or she is requesting a full withdrawal as a direct rollover and the minimum distribution requirements for the current year have not been met.
- Required Minimum Distributions are not eligible for rollover.

Non-Spousal Claimants

- **A non-individual Claimant, such as an Estate, non-designated Trust, Charity or Organization cannot request a rollover.**

- If the periodic installment payments are payable over Claimant's life expectancy or are scheduled to continue for a period certain of more than ten (10) years, it is suggested that Claimant complete and attach a current version of the IRS Form W-4P to this Form.
- If an IRS Form W-4P is not attached, Federal Income Tax withholding will be made as though Claimant is married with three (3) allowances.
- Claimant can call 1-800-TAX-FORM (829-3676) or visit <http://www.irs.gov> to obtain a current version of the IRS Form W-4P.

### Income Tax Withholding Applicable to Payments Delivered Outside the U.S.

- If Claimant is a U.S. citizen or U.S. resident alien and the payment is to be delivered outside the U.S., Claimant may not elect out of Federal Income Tax withholding.

### Income Tax Withholding for a Non-U.S. Person

- If Claimant is a non-resident alien, Claimant must complete the 'Non-Resident Alien or Other Certification' section of this form.
- The withholding rate applicable to the payment is thirty percent (30%) unless a reduced rate applies because Claimant's country of residence has entered into a tax treaty with the U.S. and the treaty provides for a reduced withholding rate or an exemption from withholding. In order to claim a treaty rate, Claimant must complete the appropriate fields, tax treaty section, if applicable and provide a U.S. Taxpayer Identification Number. Claimant can call 1-800-TAX-FORM (829-3676) or visit <http://www.irs.gov> for further information. Claimant is strongly urged to consult with a tax advisor to determine the appropriate tax withholding.

### State Income Tax Withholding

- If applicable, Claimant will attach their State's Income Tax withholding form to make tax elections when required. In the event these forms are required for the withdrawal and not submitted, Service Provider will withhold in accordance with applicable state regulations.
- If Claimant lives in a state that mandates State Income Tax withholding, State Income Tax will be withheld. If Claimant wishes to have additional State Income Tax withheld, Claimant may elect so by entering a percentage or dollar amount on the line provided.
- Certain states allow an election for no State Income Tax withholding depending on the type of withdrawal Claimant selected. For these states only, State Income Tax will be withheld unless Claimant properly elects otherwise on the form.
- Certain states do not require mandatory withholding but allow to elect State Income Tax withholding depending on the type of withdrawal Claimant selected. If Claimant elects this, State Income Tax will be withheld based on a default rate/rules provided by the state of Claimant's residence. Claimant may elect to have additional State Income Tax withheld by entering a percentage or a dollar amount on the line provided.
- **For more information and applicable forms or documentation that may be required for Claimant's state**, Claimant should refer to the appropriate state tax authority.

## **402(f) NOTICE OF SPECIAL TAX RULES ON DISTRIBUTIONS**

### **YOUR ROLLOVER OPTIONS**

You are receiving this notice because all or a portion of a payment you are receiving from County of Tulare 3121 Plan (the "Plan") is eligible to be rolled over to an IRA or an employer plan. This notice is intended to help you decide whether to do such a rollover.

This notice describes the rollover rules that apply to payments from the Plan that are not from a designated Roth account (a type of account in some employer plans that are subject to special tax). If you also receive a payment from a designated Roth account in the Plan, you will be provided a different notice for that payment, and the Plan administrator or the payor will tell you the amount that is being paid from each account.

Rules that apply to most payments from a plan are described in the "General Information About Rollovers" section. Special rules that only apply in certain circumstances are described in the "Special Rules and Options" section.

### **GENERAL INFORMATION ABOUT ROLLOVERS**

#### **How can a rollover affect my taxes?**

You will be taxed on a payment from the Plan if you do not roll it over. If you are under age 59½ and do not do a rollover, you will also have to pay a 10% additional income tax on early distributions (generally, distributions made before age 59½), unless an exception applies. However, if you do a rollover, you will not have to pay tax until you receive payments later and the 10% additional income tax will not apply if those payments are made after you are age 59½ (or if an exception to the 10% additional income tax applies).

#### **What types of retirement accounts and plans may accept my rollover?**

You may roll over the payment to either an IRA (an individual retirement account or individual retirement annuity) or an employer plan (a tax-qualified plan, section 403(b) plan, or governmental section 457(b) plan) that will accept the rollover. The rules of the IRA or employer plan that holds the rollover will determine your investment options, fees, and rights to payment from the IRA or employer plan (for example, IRAs are not subject to spousal consent rules, and IRAs may not provide loans). Further, the amount rolled over will become subject to the tax rules that apply to the IRA or employer plan.

#### **How do I do a rollover?**

There are two ways to do a rollover. You can do either a direct rollover or a 60-day rollover.

If you do a direct rollover, the Plan will make the payment directly to your IRA or an employer plan. You should contact the IRA sponsor or the administrator of the employer plan for information on how to do a direct rollover.

If you do not do a direct rollover, you may still do a rollover by making a deposit into an IRA or eligible employer plan that will accept it. Generally, you will have 60 days after you receive the payment to make the deposit. If you do not do a direct rollover, the Plan is required to withhold 20% of the payment for federal income taxes (up to the amount of cash and property received other than employer stock). This means that, in order to roll over the entire payment in a 60-day rollover, you must use other funds to make up for the 20% withheld. If you do not roll over the entire amount of the payment, the portion not rolled over will be taxed and will be subject to the 10% additional income tax on early distributions if you are under age 59½ (unless an exception applies).

#### **How much may I roll over?**

If you wish to do a rollover, you may roll over all or part of the amount eligible for rollover. Any payment from the Plan is eligible for rollover, except:

- Certain payments spread over a period of at least 10 years or over your life or life expectancy (or the lives or joint life expectancy of you and your beneficiary);
- Required minimum distributions after age 70½ (if you were born before July 1, 1949), or age 72 (if you were born after June 30, 1949), or after death;
- Hardship distributions;
- Payments of employee stock ownership plan (ESOP) dividends;
- Corrective distributions of contributions that exceed tax law limitations;
- Loans treated as deemed distributions (for example, loans in default due to missed payments before your employment ends);
- Cost of life insurance paid by the Plan;
- Payments of certain automatic enrollment contributions requested to be withdrawn within 90 days of the first contribution;
- Amounts treated as distributed because of a prohibited allocation of S corporation stock under an ESOP (also, there will generally be adverse

tax consequences if you roll over a distribution of S corporation stock to an IRA); and

- Distributions of certain premiums for health and accident insurance.
- The Plan administrator or the payor can tell you what portion of a payment is eligible for rollover.

#### **If I don't do a rollover, will I have to pay the 10% additional income tax on early distributions?**

If you are under age 59½, you will have to pay the 10% additional income tax on early distributions for any payment from the Plan (including amounts withheld for income tax) that you do not roll over, unless one of the exceptions listed below applies. This tax applies to the part of the distribution that you must include in income and is in addition to the regular income tax on the payment not rolled over.

The 10% additional income tax does not apply to the following payments from the Plan:

- Payments made after you separate from service if you will be at least age 55 in the year of the separation;
- Payments that start after you separate from service if paid at least annually in equal or close to equal amounts over your life or life expectancy (or the lives or joint life expectancy of you and your beneficiary);
- Payments from a governmental plan made after you separate from service if you are a qualified public safety employee and you will be at least age 50 in the year of the separation;
- Payments of up to \$5,000 made to you from a defined contribution plan if the payment is a qualified birth or adoption distribution;
- Payments made due to disability;
- Payments after your death;
- Payments of ESOP dividends;
- Corrective distributions of contributions that exceed tax law limitations;
- Cost of life insurance paid by the Plan;
- Payments made directly to the government to satisfy a federal tax levy;
- Payments made under a qualified domestic relations order (QDRO);
- Payments up to the amount of your deductible medical expenses (without regard to whether you itemize deductions for the taxable year);
- Certain payments made while you are on active duty if you were a member of a reserve component called to duty after September 11, 2001, for more than 179 days;
- Payments of certain automatic enrollment contributions requested to be withdrawn within 90 days of the first contribution;
- Payments excepted from the additional income tax by federal legislation relating to certain emergencies and disasters; and
- Phased retirement payment made to federal employees.

#### **If I do a rollover to an IRA, will the 10% additional income tax apply to early distributions from the IRA?**

If you receive a payment from an IRA when you are under age 59½, you will have to pay the 10% additional income tax on early distributions on the part of the distribution that you must include in income, unless an exception applies. In general, the exceptions to the 10% additional income tax for early distributions from an IRA are the same as the exceptions listed above for early distributions from a plan. However, there are a few differences for payments from an IRA, including:

- The exception for payments made after you separate from service if you will be at least age 55 in the year of the separation (or age 50 for qualified public safety employees) does not apply;
- The exception for qualified domestic relations orders (QDROs) does not apply (although a special rule applies under which, as part of a divorce or separation agreement, a tax-free transfer may be made directly to an IRA of a spouse or former spouse); and
- The exception for payments made at least annually in equal or close to equal amounts over a specified period applies without regard to whether you have had a separation from service.

Additional exceptions apply for payments from an IRA, including:

- Payments for qualified higher education expenses;
- Payments up to \$10,000 used in a qualified first-time home purchase; and
- Payments for health insurance premiums after you have received unemployment compensation for 12 consecutive weeks (or would have been eligible to receive unemployment compensation but for self-employed status).

#### **Will I owe State income taxes?**

This notice does not describe any State or local income tax rules (including withholding rules).

## **SPECIAL RULES AND OPTIONS**

### **If your payment includes after-tax contributions**

After-tax contributions included in a payment are not taxed. If you receive a partial payment of your total benefit, an allocable portion of your after-tax contributions is included in the payment, so you cannot take a payment of only after-tax contributions. However, if you have pre-1987 after-tax contributions maintained in a separate account, a special rule may apply to determine whether the after-tax contributions are included in a payment. In addition, special rules apply when you do a rollover, as described below.

You may roll over to an IRA a payment that includes after-tax contributions through either a direct rollover or a 60-day rollover. You must keep track of the aggregate amount of the after-tax contributions in all of your IRAs (in order to determine your taxable income for later payments from the IRAs).

If you do a direct rollover of only a portion of the amount paid from the Plan and at the same time the rest is paid to you, the portion directly rolled over consists first of the amount that would be taxable if not rolled over. For example, assume you are receiving a distribution of \$12,000, of which \$2,000 is after-tax contributions. In this case, if you directly roll over \$10,000 to an IRA that is not a Roth IRA, no amount is taxable because the \$2,000 amount not rolled over is treated as being after-tax contributions. If you do a direct rollover of the entire amount paid from the Plan to two or more destinations at the same time, you can choose which destination receives the after-tax contributions.

Similarly, if you do a 60-day rollover to an IRA of only a portion of a payment made to you, the portion rolled over consists first of the amount that would be taxable if not rolled over. For example, assume you are receiving a distribution of \$12,000, of which \$2,000 is after-tax contributions, and no part of the distribution is directly rolled over. In this case, if you roll over \$10,000 to an IRA that is not a Roth IRA in a 60-day rollover, no amount is taxable because the \$2,000 amount not rolled over is treated as being after-tax contributions.

You may roll over to an employer plan all of a payment that includes after-tax contributions, but only through a direct rollover (and only if the receiving plan separately accounts for after-tax contributions and is not a governmental section 457(b) plan). You can do a 60-day rollover to an employer plan of part of a payment that includes after-tax contributions, but only up to the amount of the payment that would be taxable if not rolled over.

### **If you miss the 60-day rollover deadline**

Generally, the 60-day rollover deadline cannot be extended. However, the IRS has the limited authority to waive the deadline under certain extraordinary circumstances, such as when external events prevented you from completing the rollover by the 60-day rollover deadline. Under certain circumstances, you may claim eligibility for a waiver of the 60-day rollover deadline by making a written self-certification. Otherwise, to apply for a waiver from the IRS, you must file a private letter ruling request with the IRS. Private letter ruling requests require the payment of a nonrefundable user fee. For more information, see IRS Publication 590-A, *Contributions to Individual Retirement Arrangements (IRAs)*.

### **If your payment includes employer stock that you do not roll over**

If you do not do a rollover, you can apply a special rule to payments of employer stock (or other employer securities) that are either attributable to after-tax contributions or paid in a lump sum after separation from service (or after age 59½, disability, or the participant's death). Under the special rule, the net unrealized appreciation on the stock will not be taxed when distributed from the Plan and will be taxed at capital gain rates when you sell the stock. Net unrealized appreciation is generally the increase in the value of employer stock after it was acquired by the Plan. If you do a rollover for a payment that includes employer stock (for example, by selling the stock and rolling over the proceeds within 60 days of the payment), the special rule relating to the distributed employer stock will not apply to any subsequent payments from the IRA or, generally, the Plan. The Plan administrator can tell you the amount of any net unrealized appreciation.

### **If you have an outstanding loan that is being offset**

If you have an outstanding loan from the Plan, your Plan benefit may be offset by the outstanding amount of the loan, typically when your employment ends. The offset amount is treated as a distribution to you at the time of the offset. Generally, you may roll over all or any portion of the offset amount. Any offset amount that is not rolled over will be taxed (including the 10% additional income tax on early distributions, unless an exception applies). You may roll over offset amounts to an IRA or an employer plan (if the terms of the employer plan permit the plan to receive plan loan offset rollovers).

How long you have to complete the rollover depends on what kind of plan loan offset you have. If you have a qualified plan loan offset, you will have until your tax return due date (including extensions) for the tax year during which the offset occurs to complete your rollover. A qualified plan loan offset occurs when a plan loan in good standing is offset because your employer plan terminates, or because you sever from employment. If your plan loan offset occurs for any other reason (such as a failure to make level loan repayments that results in a deemed distribution), then you have 60 days from the date the offset occurs to complete your rollover.

### **If you were born on or before January 1, 1936**

If you were born on or before January 1, 1936, and receive a lump sum distribution that you do not roll over, special rules for calculating the amount of the tax on the payment might apply to you. For more information, see IRS Publication 575, *Pension and Annuity Income*.

### **If your payment is from a governmental section 457(b) plan**

If the Plan is a governmental section 457(b) plan, the same rules described elsewhere in this notice generally apply, allowing you to roll over the payment to an IRA or an employer plan that accepts rollovers. One difference is that, if you do not do a rollover, you will not have to pay the 10% additional income tax on early distributions from the Plan even if you are under age 59½ (unless the payment is from a separate account holding rollover contributions that were made to the Plan from a tax-qualified plan, a section 403(b) plan, or an IRA). However, if you do a rollover to an IRA or to an employer plan that is not a governmental section 457(b) plan, a later distribution made before age 59½ will be subject to the 10% additional income tax on early distributions (unless an exception applies). Other differences are that you cannot do a rollover if the payment is due to an "unforeseeable emergency" and the special rules under "If your payment includes employer stock that you do not roll over" and "If you were born on or before January 1, 1936," do not apply.

### **If you are an eligible retired public safety officer and your payment is used to pay for health coverage or qualified long-term care insurance**

If the Plan is a governmental plan, you retired as a public safety officer, and your retirement was by reason of disability or was after normal retirement age, you can exclude from your taxable income plan payments paid directly as premiums to an accident or health plan (or a qualified long-term care insurance contract) that your employer maintains for you, your spouse, or your dependents, up to a maximum of \$3,000 annually. For this purpose, a public safety officer is a law enforcement officer, firefighter, chaplain, or member of a rescue squad or ambulance crew.

### **If you roll over your payment to a Roth IRA**

If you roll over a payment from the Plan to a Roth IRA, a special rule applies under which the amount of the payment rolled over (reduced by any after-tax amounts) will be taxed. In general, the 10% additional income tax on early distributions will not apply. However, if you take the amount rolled over out of the Roth IRA within the five-year period that begins on January 1 of the year of the rollover, the 10% additional income tax will apply (unless an exception applies).

If you roll over the payment to a Roth IRA, later payments from the Roth IRA that are qualified distributions will not be taxed (including earnings after the rollover). A qualified distribution from a Roth IRA is a payment made after you are age 59½ (or after your death or disability, or as a qualified first-time homebuyer distribution of up to \$10,000) and after you have had a Roth IRA for at least 5 years. In applying this 5-year rule, you count from January 1 of the year for which your first contribution was made to a Roth IRA. Payments from the Roth IRA that are not qualified distributions will be taxed to the extent of earnings after the rollover, including the 10% additional income tax on early distributions (unless an exception applies). You do not have to take required minimum distributions from a Roth IRA during your lifetime. For more information, see IRS Publication 590-A, *Contributions to Individual Retirement Arrangements (IRAs)* and IRS Publication 590-B, *Distributions from Individual Retirement Arrangements (IRAs)*.

### **If you do a rollover to a designated Roth account in the Plan**

You cannot roll over a distribution to a designated Roth account in another employer's plan. However, you can roll the distribution over into a designated Roth account in the distributing Plan. If you roll over a payment from the Plan to a designated Roth account in the Plan, the amount of the payment rolled over (reduced by any after-tax amounts directly rolled over) will be taxed. In general, the 10% additional tax on early distributions will not apply. However, if you take the amount rolled over out of the Roth IRA within the five-year period that begins on January 1 of the year of the rollover, the 10% additional income tax will apply (unless an exception applies).

If you roll over the payment to a designated Roth account in the Plan, later payments from the designated Roth account that are qualified distributions will not be taxed (including earnings after the rollover). A qualified distribution from a designated Roth account is a payment made both after you are age 59½ (or after your death or disability) and after you have had a designated Roth account in the Plan for at least 5 years. In applying this 5-year rule you count from January 1 of the year your first contribution was made to the designated Roth account. However, if you made a direct rollover to a designated Roth account in the Plan from a designated Roth account in a plan of another employer, the 5-year period begins on January 1 of the year you made the first contribution to the designated Roth account in the Plan or, if earlier, to the designated Roth account in the plan of the other employer. Payments from the designated Roth account that are not qualified distributions will be taxed to the extent of earnings after the rollover, including the 10% additional income tax on early distributions (unless an exception applies).

#### **If you are not a Plan participant**

**Payments after death of the participant.** If you receive a distribution after the participant's death that you do not roll over, the distribution will generally be taxed in the same manner described elsewhere in this notice. However, the 10% additional income tax on early distributions and the special rules for public safety officers do not apply, and the special rule described under the section "If you were born on or before January 1, 1936," applies only if the deceased participant was born on or before January 1, 1936.

**If you are a surviving spouse.** If you receive a payment from the Plan as the surviving spouse of a deceased participant, you have the same rollover options that the participant would have had, as described elsewhere in this notice. In addition, if you choose to do a rollover to an IRA, you may treat the IRA as your own or as an inherited IRA.

An IRA you treat as your own is treated like any other IRA of yours, so that payments made to you before you are age 59½ will be subject to the 10% additional income tax on early distributions (unless an exception applies) and required minimum distributions from your IRA do not have to start until after you are age 70½ (if you were born before July 1, 1949), or age 72 (if you were born after June 30, 1949).

If you treat the IRA as an inherited IRA, payments from the IRA will not be subject to the 10% additional income tax on early distributions. However, if the participant had started taking required minimum distributions, you will have to receive required minimum distributions from the inherited IRA. If the participant had not started taking required minimum distributions from the Plan, you will not have to start receiving required minimum distributions from the inherited IRA until the year the participant would have been age 70½ (if participant was born before July 1, 1949), or age 72 (if participant was born after June 30, 1949).

**If you are a surviving beneficiary other than a spouse.** If you receive a payment from the Plan because of the participant's death and you are a designated beneficiary other than a surviving spouse, the only rollover option you have is to do a direct rollover to an inherited IRA. Payments from the inherited IRA will not be subject to the 10% additional income tax on early distributions. You will have to receive required minimum distributions from the inherited IRA.

**Payments under a QDRO.** If you are the spouse or former spouse of the participant who receives a payment from the Plan under a QDRO, you generally have the same options and the same tax treatment that the participant would have (for example, you may roll over the payment to your own IRA or an eligible employer plan that will accept it). However, payments under the QDRO will not be subject to the 10% additional income tax on early distributions.

#### **If you are a nonresident alien**

If you are a nonresident alien and you do not do a direct rollover to a U.S. IRA or U.S. employer plan, instead of withholding 20%, the Plan is generally required to withhold 30% of the payment for federal income taxes. If the amount withheld exceeds the amount of tax you owe (as may happen if you do a 60-day rollover), you may request an income tax refund by filing Form 1040NR and attaching your Form 1042-S. See Form W-8BEN for claiming that you are entitled to a reduced rate of withholding under an income tax treaty. For more information, see also IRS Publication 519, *U.S. Tax Guide for Aliens*, and IRS Publication 515, *Withholding of Tax on Nonresident Aliens and Foreign Entities*.

#### **Other special rules**

If a payment is one in a series of payments for less than 10 years, your choice whether to make a direct rollover will apply to all later payments in the series (unless you make a different choice for later payments). If your

payments for the year are less than \$200 (not including payments from a designated Roth account in the Plan), the Plan is not required to allow you to do a direct rollover and is not required to withhold federal income taxes. However, you may do a 60-day rollover. Unless you elect otherwise, a mandatory cash-out of more than \$1,000 (not including payments from a designated Roth account in the Plan) will be directly rolled over to an IRA chosen by the Plan administrator or the payor. A mandatory cash-out is a payment from a plan to a participant made before age 62 (or normal retirement age, if later) and without consent, where the participant's benefit does not exceed \$5,000 (not including any amounts held under the plan as a result of a prior rollover made to the plan).

You may have special rollover rights if you recently served in the U.S. Armed Forces. For more information on special rollover rights related to the U.S. Armed Forces, see IRS Publication 3, *Armed Forces' Tax Guide*. You also may have special rollover rights if you were affected by a federally declared disaster (or similar event), or if you received a distribution on account of a disaster. For more information on special rollover rights related to disaster relief, see the IRS website at [www.irs.gov](http://www.irs.gov).

#### **Postponement of Distribution Notice**

If you elect to defer your distribution, the Plan will not make a distribution to you without your consent until required by the terms of the Plan or by law. If you elect to defer your distribution, your vested account balance will continue to experience investment gains, losses and Plan expenses. As a result, the value of your vested account balance ultimately distributed to you could be more or less than the value of your current vested account balance. In determining the economic consequences of postponing your distribution, you should compare the administration cost and investment options (including fees) applicable to your vested account balance in the Plan if you postpone your distribution to the costs and options you may obtain with investment options outside the Plan.

Upon distribution of your vested account balance from the Plan, you will be taxed (except to the extent your vested account balance consists of after-tax contributions or qualified amounts held in a ROTH money source) on your vested account balance at the time of the distribution if you do not rollover your balance. As explained in greater detail in the 402(f) Notice of Special Tax Rules on Distributions, you can roll over your distribution directly or you may receive your distribution and roll it over within 60 days to avoid current taxation and to continue to have the opportunity to accumulate tax-deferred earnings. There are many complex rules relating to rollovers, and you should read the 402(f) Notice of Special Tax Rules on Distributions carefully before deciding whether a rollover is desirable in your circumstances. You should also note that a 10% penalty tax may apply to distributions made before you reach age 59½, unless another exception applies.

If you defer your distribution of your vested account balance, you may invest in the investment options available to active employees. If you do not defer distribution of your vested account balance, the currently available investment options in the Plan may not be generally available on similar terms outside the Plan. Fees and expenses (including administrative or investment related fees) outside the Plan may be different from fees and expenses that apply to your vested account balance in the Plan. For more information about fees, expenses, and currently available Plan investment options, including investment related fees, refer to the prospectuses and/or disclosure documents regarding Plan investments and fees available from your Plan administrator and/or Plan service representative.

When considering whether to defer your distribution, carefully review the Plan Document and/or Plan's Summary Plan Description, including the sections on timing of distributions and available distributions.
