### FirstNet for your personal device Also one Bill for the whole Family

FirstNet® is the wireless network you need to connect and communicate every day.

A crisis can happen at any time. Your team needs the ability to connect when on-duty or on-call. FirstNet helps connect first responders and those who support them to each other and to the critical information they need. And it's available for eligible public safety entities and individuals.

CONNECTIONS FOR YOUR TEAM With FirstNet on a personal device, individuals can get capabilities like:

- Prioritized access – never competing with commercial traffic (free for first responders)
- No throttling for FirstNet subscribers anywhere in the U.S.
- Affordable rate plans and industry-leading devices with advanced features
- Heightened security to resist physical and cyber threats YOUR NETWORK, YOUR RESPONSE PLAN You have the flexibility to identify individuals who support emergency operations for your organization and extend the opportunity to join FirstNet. Benefits to the organization include:
- Band 14 Priority and Preemption you will always be in the fast lane.
- Enhanced employee personal preparedness - augment an individual's ability to connect when on-call or on-duty
- Increased situational awareness with FirstNet users in your organization
- Incident uplift and access to apps - extend capabilities to allocate additional network resources during an incident and access to essential apps.
