

# Logging in to Outlook dot Com

---

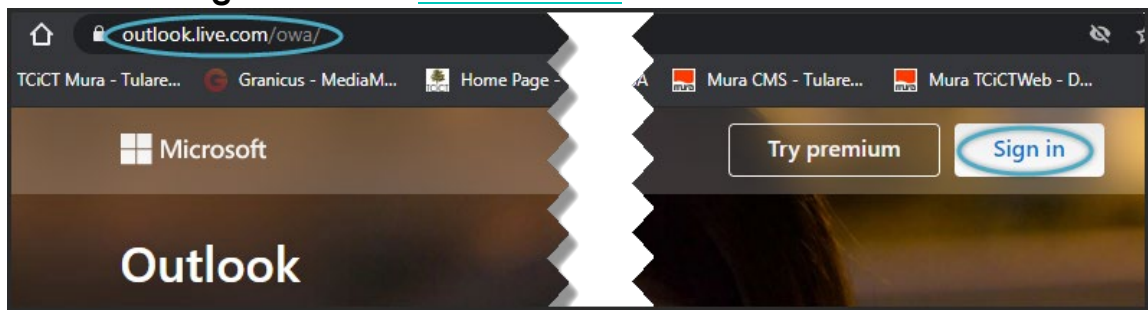

Outlook.com

## Overview

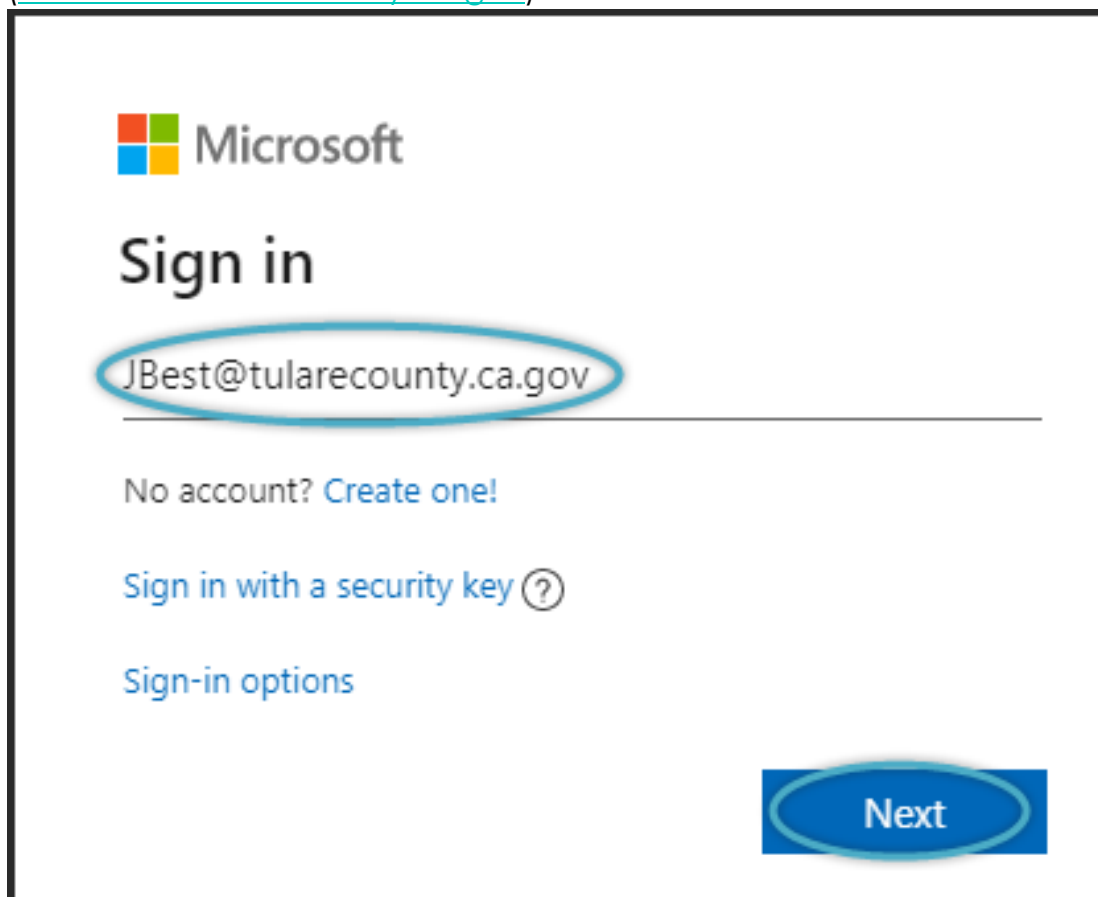

Use Outlook.com to access your Tulare County email when you do not have access to the Outlook application. Most features work similarly, although there are some exceptions.

## Log in to Outlook.com

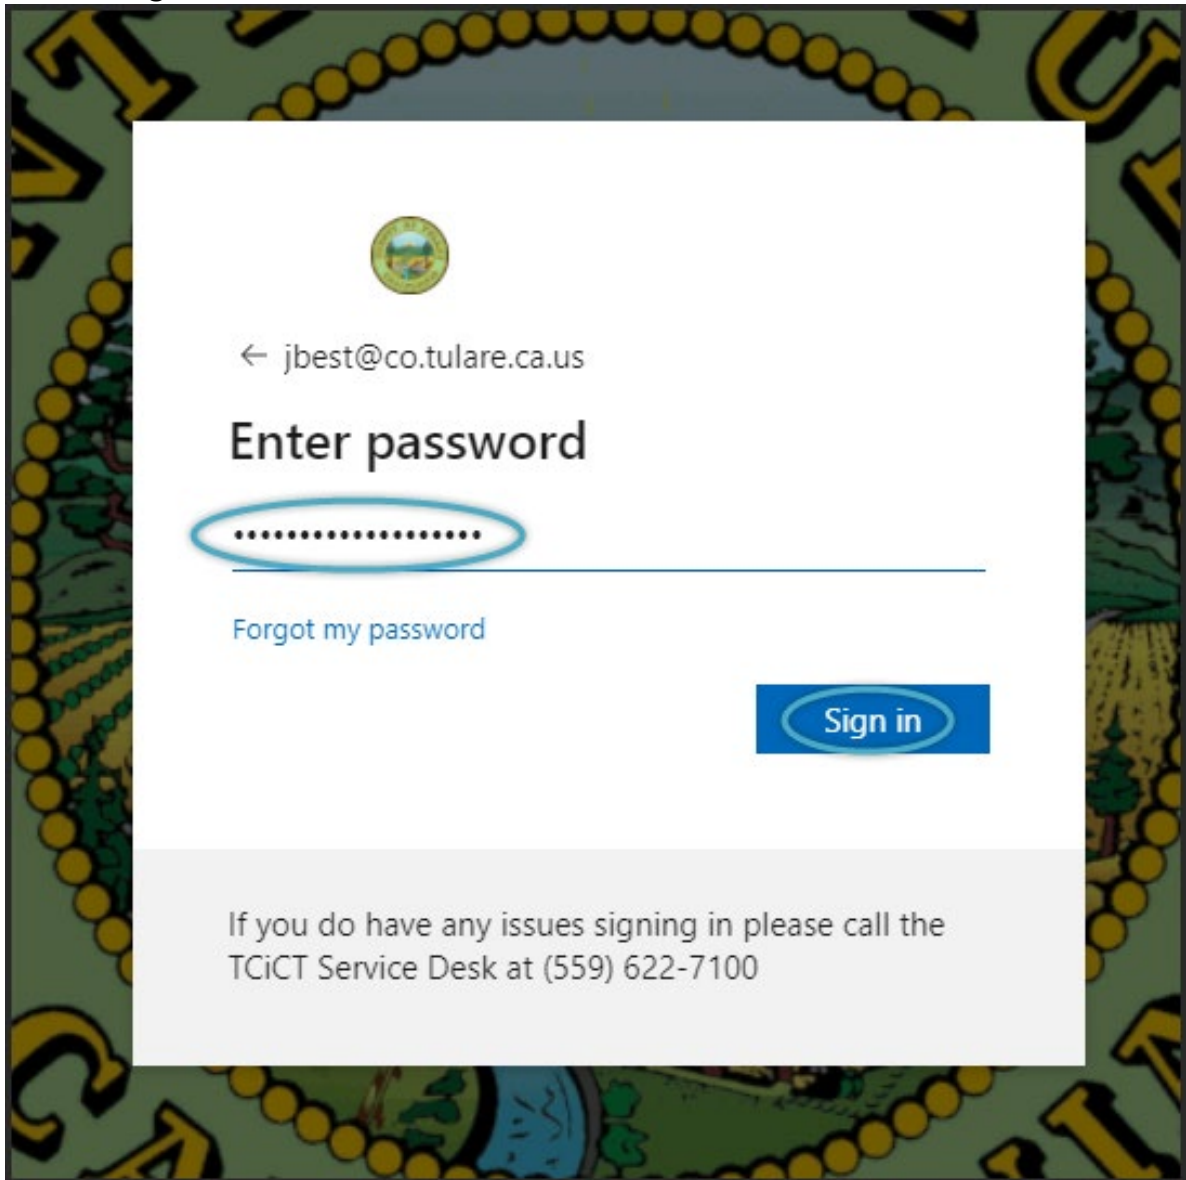

1. Select the **"Sign in"** link on [Outlook.com](https://outlook.live.com):

2. At the Sign in screen, enter your Tulare County email address ([UserName@tularecounty.ca.gov](mailto:UserName@tularecounty.ca.gov)) and then select **"Next"**:

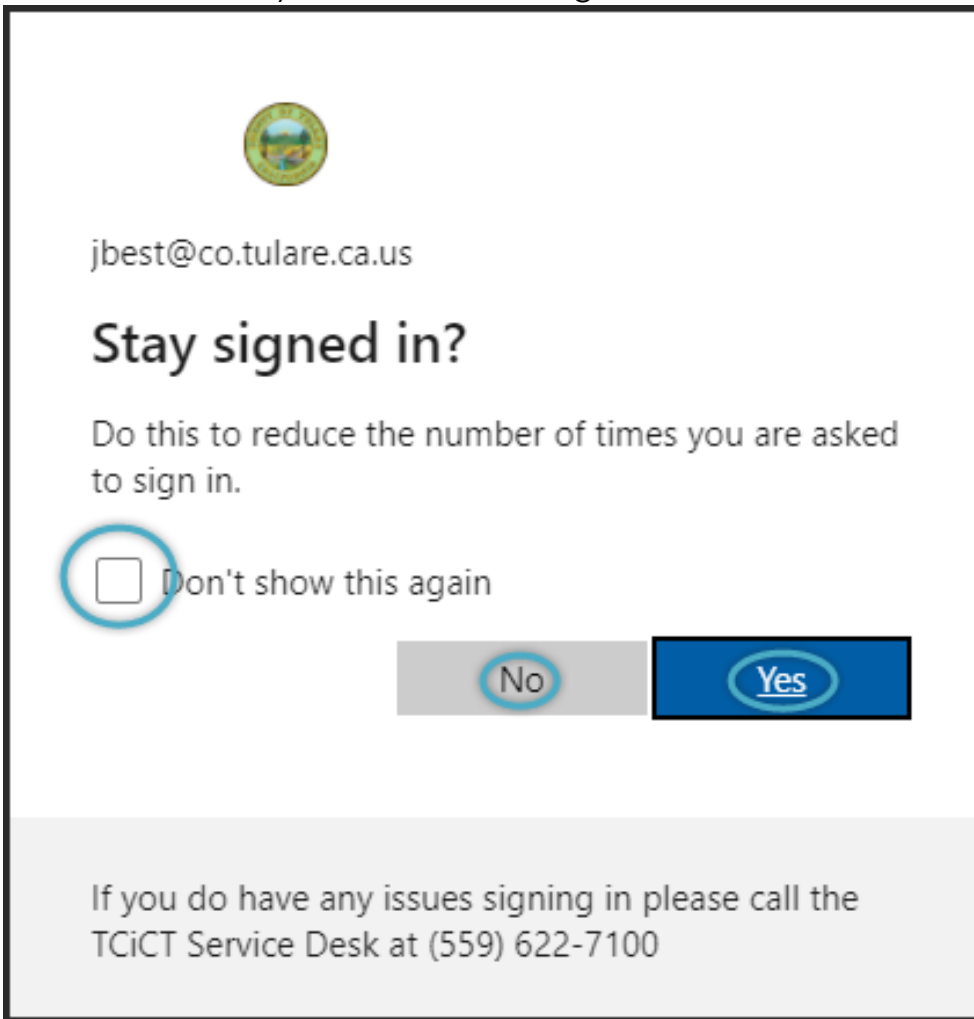

3. The background changes to show a Tulare County logo. At the “**Enter password**” screen, type your current Tulare County password and then select “**Sign in**”:

4. A message appears asking if you want to stay signed in to Outlook. Choose “**Don’t show this again**” if you want to see the message each time you log in.
  - a. After that, select “**No**” if you want to enter your password each time you connect on the browser that is currently in use.
  - b. **FYI:** We general do not recommend this option unless:
    - i. You are using a web browser on a Tulare County machine
    - ii. You are on the Tulare County Network.

c. Alternatively, select **“Yes”** to log into Outlook.com:

5. Logging in to Outlook redirects you to <https://outlook.office365.com/mail/inbox> because Tulare County uses Office 365:
